

# The Paducah Evening Sun.

VOL. XXIII NO. 132

PADUCAH, KY., TUESDAY EVENING, JUNE 2, 1908

TEN CENTS PER WEEK

## STATE PRESIDENT IS PLEASED WITH ARRANGEMENTS

Mrs. Riker Goes Over Program of Local Committee With Approval.

All Officers Will Be Re-elected For Another Year.

### CONTEST FOR NEXT MEETING

#### "Madame President"

With this parliamentary substitution the first business session of the State Federation of Women's clubs will be opened tomorrow at the Woman's club building, at 10:30 o'clock. The public is invited to all the business sessions, and the capacity of the building will be tested to accommodate the crowds, from the interest shown in the meeting all over the city.

Mrs. Leander Riker, the federation president, expressed great pleasure at the thoroughly organized work of the local women's club, for the annual meeting, last night and today Mrs. Riker, with Miss Haldon Martin, the corresponding secretary, has been going over the plans with Mrs. James A. Riker, for entertaining the delegates, and all the arrangements for the meeting struck her as being unusually well planned. She was Mrs. Riker's guest last night, but today will go in the Palmer House, where all the members of the executive board will stay and hold their sessions.

Mrs. Lucia Boyd of Covington, first vice president, and Mrs. James Mitchell of Bowling Green, second vice president of the state federation, will arrive this afternoon at 4:12 o'clock, and the other state officers are expected at 6:10 o'clock this evening, when the majority of the delegates will arrive. Paducah has some state officers: Mrs. Edmund Post, the third vice president.

#### No Politics

No politics will be played in this meeting of the federation. When a change in officers is made the meeting grows intensely interesting from the keen rivalry for the honors, but the sense of this meeting seems to favor the retention of all the present officers. The constitution allows two terms in succession, and Mrs. Riker with the other officers are first building their first term. It is customary to give the incumbents a second term.

In the selection of next year's meeting place, more interest will be shown. It is certain that the end of the state will not get it, or ask for it with any idea of success, but just what city in the middle or western section of the state will get fifteen annual meetings is not ascertainable at present, though the delegates are coming prepared to work for their home cities. Louisville has not had a meeting in 14 years, nor Lexington in 5 years. No city has had the annual meeting twice since the federation was organized except Lexington and next year's place of meeting may go to some city with a state membership that has never entertained the federation.

#### The Reception

Looking up above everything else now, is the reception to the president and delegates by the women's club this evening, to which the six federated clubs and the husbands of members are invited. The decoration committee finished its work this afternoon and the refreshment committee was busy all day preparing the luncheon. The reception will begin at 7:30 o'clock. The receiving line will be selected from all the clubs in the city.

#### The Delegates

Trains were met today by the depot reception committee and a number of the delegates arrived from the western and northern towns. The delegates expected to attend, most of whom will arrive at 6:10 o'clock, are: Mesdames H. Robinson, George Avery, Louis Seabach, Morris Belknap, C. P. Weaver, Herman Mengel, H. P. Eddy, B. Phillips, Thurston Ballard, McDowell, Pink, Whitesides, Ferguson, Curry, Traub, Smiley, Mrs. Caroline Leech, Fannie Hamlin and Lilla Broad, all of Louisville; Mesdames W. H. Payne, Desha Brockridge, Miss Laura Clay, Mrs. Adams, Mrs. Tresham and Mrs. Charles Moore, of Lexington; Dr. Virginia

(Continued on Page Four.)

## Chicago Market.

	July	High.	Low.	Close.
Wheat	91 1/2	90 3/4	91 1/2	91 1/2
Corn	68 1/2	68 1/4	68 1/2	68 1/2
Oats	47	46 3/4	46 3/4	46 3/4
Prov.	13.72 1/2	13.65	13.70	13.70
Lard	8.52 1/2	8.50	8.52 1/2	8.52 1/2
Ribs	7.47 1/2	7.37 1/2	7.45	7.45

## Republican Legislators Have to Vote For Democrat For Senator to Follow Instructions at Polls

Odd Situation in Oregon When Democratic Candidate at Popular Primary Defeated His Opponent.

Portland, Ore., June 2.—Incomplete returns indicate the election of George E. Chamberlain, Democrat, United States senator over Henry C. Baker, Republican, in the popular election yesterday. It makes a peculiar political situation. Republicans control the legislature, which must ratify the popular vote. It is expected that Senator Fulton, Republican, will re-enter the race, and try to induce the legislature to elect him.

### REGISTER CREDITORS

Creditors of the Register News paper company are divided on the point of continuing the publication of the Register, as it is understood that the publication of the paper is a drain on the assets. An election of trustee of the estate will be held this afternoon by E. W. Basky, referee in bankruptcy. Carl Reed was appointed trustee by the state courts. His name is mentioned for election as trustee in the bankruptcy court as well as that of A. E. Boyd. It is understood that the creditors who are dissatisfied with the continued publication of the paper will favor the election of a trustee, who would close the plant. However, the order for discontinuing the publication of the paper must come from the judge, who must be convinced that it is for the creditors.

### NEVADA FOR BRYAN

Carson City, Nev., June 2.—Nevada delegates to the Denver convention today were instructed for Bryan to the best, after an all night session.

### MRS. MAGGIE WALLACE

Mrs. Maggie Wallace, 32 years old, died at her home, 707 South Twelfth street, this morning at 9:15 o'clock after a brief illness. Mrs. Wallace was the wife of Mr. Edward Wallace, a former policeman of this city, and now a policeman at the Illinois Central shops. Mrs. Wallace is survived by her husband and three children, and by three sisters, Mrs. Charles Baileigh, Mrs. Rogers and Mrs. J. J. McViggin. Mrs. Wallace was the daughter of Mr. Louis Itapap. The funeral services will be held with final mass at the St. Francis de Sales Catholic church, the Rev. Father Janssen officiating, Thursday morning at 9 o'clock. The burial will be in Oak Grove cemetery.

## CONCRETE BRIDGE OVER CLARK'S RIVER WILL BE BUILT BY DIVIDING EXPENSE

Fiscal Court Will Make it Possible For People to Come to Paducah—Cost Reduced.

The fiscal court by almost unanimous vote decided to accept the proposition of citizens in the southwestern portion of the county to contribute \$700 toward building a concrete bridge across Clark's river at Bryant's ford, and the road supervisor was instructed to lay material for the bridge. According to statements of citizens and officials who have investigated the proposition, the bridge when built will open up a large territory to Paducah that has heretofore been cut off during the winter season on account of it being impossible to ford the river. Magistrate Broadfoot, who advocated the appropriation, stated that the bridge has been needed for 30 years. Judge Lightfoot also favored the bridge, because of the statements of the citizens that a large number of farmers would be benefited and because of their public spirit in offering to donate a good portion of its cost, which he said was the first case on record.

In connection with the matter Road Supervisor Bert Johnson stated that the two concrete bridges now under construction would cost the county \$2,100 only, which is quite a saving over the price paid a construction company last year to erect bridges of the same length and same material. The work this year is done entirely under supervision of the county.

County Cemetery.

Guests at Dinner.

County Jailor James W. Baker and Deputy Joe Purchase entertained the members of the fiscal court with an old-fashioned country dinner today at the dining room of the county jail. Everything from fried chicken on down was in abundance, and the dinner was enjoyed immensely. It was the first big dinner since the jail has been painted. Present were: Deputy Sheriff Clark Fortson, County Attorney Allen Barkley, Deputy Sheriff Gus Rogers, County Judge H. T. Lightfoot and Magistrates C. W. Emery, C. I. Knott, J. H. Thompson, S. B. Ghoulson, J. J. Blech, George Broadfoot and Coroner Frank Baker. Police Judge D. A. Cross, Saunders Brooks, W. A. Thompson, Bert Johnson and H. Martin.

## EXCELLENT CARD FOR SUMMER MEET OF MATINEE CLUB

An excellent card has been prepared for the first meet of the season of the Paducah Matinee club Friday, June 5. The track is in the best condition it has ever been, the grand stand is fixed up, with a new roof, the entries are fast, and music will be furnished by Don's band between the two events.

At 7 P. M. will be starter.

The program is:

Class B Race, Mile heats, 2 in 3. (Carla, 2:09 1/2, J. E. Turner, Billy Buck—A. S. Thompson, Gus B—M. M. Tucker, Tom Scott—Geo. H. Goodman, Brook Hill—A. S. Thompson, Sam Patch—Tom Settle.

Class A Race, Mile heats, 2 in 3. (Carla, 2:09 1/2, J. E. Turner, Billy Buck—A. S. Thompson, Gus B—M. M. Tucker, Tom Scott—Geo. H. Goodman, Brook Hill—A. S. Thompson, Sam Patch—Tom Settle.

Class C, Mixed Trot and Pace 1 1/2 Mile Heats, 2 in 3. (Rodney D. S. H. Tick, Dr. M—Hugh Marshall, Anita—F. C. Burnett, Blanche Chinas—R. B. Phillips, Black Jess—M. M. Tucker.

### COTTON STATISTICS

Washington, June 2.—The agricultural department bulletin says 32,081,000 acres are expected to be planted with cotton as compared with 32,500,000 last season. The condition of the crop May 25 was 73.71 per cent of normal.

## CONCRETE BRIDGE OVER CLARK'S RIVER WILL BE BUILT BY DIVIDING EXPENSE

Fiscal Court Will Make it Possible For People to Come to Paducah—Cost Reduced.

The fiscal court by almost unanimous vote decided to accept the proposition of citizens in the southwestern portion of the county to contribute \$700 toward building a concrete bridge across Clark's river at Bryant's ford, and the road supervisor was instructed to lay material for the bridge. According to statements of citizens and officials who have investigated the proposition, the bridge when built will open up a large territory to Paducah that has heretofore been cut off during the winter season on account of it being impossible to ford the river. ## ROOSEVELT MUST BE INDORSED IN HEARTIEST TERMS

Taft Will Insist on Expression Approving Administration Policies.

He is in Favor of Revision of Tariff Schedules.

### REPUBLICAN PLATFORM TALK

Washington, June 2.—There will be no lukewarm endorsement of President Roosevelt and his policies in the Republican national platform, if the wishes of Secretary Taft and his friends have potency in the framing of that document. This much was made known after the first of a series of conferences to be held with the secretary of war on the subject of the platform.

Should the Chicago convention adopt a plank platform and nominate Secretary Taft, it is predicted in authoritative circles that his letter or speech of acceptance will contain a pledge to carry out the Roosevelt policies already inaugurated, and earnestly strive for those not enacted which will have a ring similar to that pronounced by President Roosevelt on taking the oath of office over the body of the dead McKinley.

Wade H. Ellis, attorney-general of Ohio, who has prospects of being the Ohio member of the resolutions committee of that convention and who was largely responsible for the conceded victory of the Ohio Republican platform, is here for a thorough understanding with the secretary of war.

#### Favors Taft Revision

He was with Mr. Taft at his offices for several hours, and at the Taft residence for a long time last night. Another conference is to be held tomorrow, when it is not unlikely the result will be brought to the attention of President Roosevelt.

Secretary Taft has made no secret of his position on the tariff. He is for revision at a special session of the Sixty-first congress to be called immediately after the inauguration, March 4, 1909. His ideas as to what the tariff should be, also are public property. The schedules should be drawn as near as possible to cover the difference between the lesser cost of production of a given article in foreign countries and the cost of production of that article in the United States. This he regards as "protection" in its true and fair sense.

#### Follow Ohio Platform

Schedules which are fixed at a rate higher than this difference, he believes are not only unnecessary as means of protection, but are evil because of their temptation to capitalists to form monopolies and trusts in this country for the control of the market in this or that particular product.

From this information the prediction is declared to be a safe one that the tariff plank to be presented to the resolutions committee by the Taft adherents will follow closely the lines of the Ohio platform, with the added specifications regarding the manner of arriving at the amount of tariff which should be levied.

Mr. Ellis is known to be heartily in favor of a plank stipulating that amendments should be made to the Sherman anti-trust laws, and Secretary Taft is known to be a thorough believer in the efficiency of trust control through federal laws.

#### The Hepburn Bill

The embodiment of these ideas into a plank which may take the form of an endorsement of the Hepburn bill, which died a peaceful death in the house judiciary committee, is said to be a safe prediction. The conference will not be restricted as to personnel, and it is believed that before the Taft platform is finally perfected for submission the views of many of the party leaders will have been obtained.

#### SMASHED OWN RECORD.

Mauretania Made Trip From Queens-town to New York in 4 Days.

New York, June 2.—Breaking her own record by two hours and 41 minutes over the long course from Queens-town to New York, 2,889 miles the steamer Mauretania came up to New York and anchored, ending a remarkable attempt to hang up a new trans-Atlantic record.

The time for the trip was 4 days, 21 hours and 18 minutes, only 45 minutes behind the best record of the course made by the Lusitania.

Mr. M. L. Bryant has gone to Grahamville on a visit to his son, Charles Bryant.

Dr. S. Z. Holland, of Grahamville, was in the city today on a business trip.

## Russellville, Ky., is Visited Second Time by Night Riders and Another Tobacco Warehouse is Destroyed

Two Towns Raided and Much Property Burned—Colonel Jonett Henry Relinquishes Command of Troops.

Sulphur, Ky., June 2.—(Special.)—Night riders visited here and scraped four tobacco beds. They left a warning, saying they would not scrape any more beds, but would wait until the tobacco was grown and burn the barns.

Second Visit.

Russellville, Ky., June 2.—(Special.)—The big tobacco warehouse, owned by John Scott, was burned by night riders. This is the second time Russellville has been visited.

Bassett in Command.

Hopkinsville, Ky., June 2.—(Special.)—Col. Henry was relieved at his own request of the charge of troops in western Kentucky and Major Bassett is in command.

Mrs. Milva Malone entertained her guests, Mrs. Belle McColliston and daughter, Miss Nettie, and Mrs. L. L. Lomiga, of this city, with a trip to Cairo on the steamer Dick Fowler today.

## Health and Politics Mixed.

Chicago, June 2.—The American Medical association convention started a movement to establish a national department of health with a physician as a cabinet member. It is intended to enlist doctors all over the country to urge the crusade. Resolutions were also adopted, urging doctors to run for congress.

## LITTLE LEFT FOR CREDITORS FROM OWENSBORO BANK

Owensboro, Ky., June 2.—(Special.)—T. A. Pedley, receiver of the Owensboro Savings Bank and Trust company filed a report saying the general creditors could not hope to realize more than 15 cents on the dollar. Many assets are valueless and few worth par.

### DISTRICT INSTITUTE

The executive committee of the First District Educational association will meet in the office of S. J. Billington, superintendent of county schools, this afternoon and the prospects are that a majority of the members of the committee will be in attendance. Those here at noon were: Supts. G. H. Wells, of Trigg county; W. D. Dadds, of Graves county; Miss Nannie Cartwright, of Caldwell; L. A. L. Langston, of Callaway; S. J. Billington, of McCracken; A. C. Burton, superintendent of the Mayfield schools, and Miss Lucile Grogan, a prominent teacher of Callaway county and secretary of the association. The purpose of the meeting is to arrange for the annual institute to be held at Benton in November.

Fafully of Blind Men.

James Whitten a blind man, with his wife and two children, one a four-year-old boy and the other a baby, applied to the Charity club today. The family lived in Memphis and were en route home after a stay in Kanawa. The mayor granted them transportation to Memphis.

### WEATHER.

### RAIN

Occasional showers tonight and Wednesday. Not much change in temperature. Highest temperature yesterday, 85; lowest today, 63.

## EXCEPTIONS WILL BE FILED TO SALE OF BASKET PLANT

Real Estate Mortgage Bond Holders Like Old Apportionment Better.

It Will be Up to Judge Walter Evans to Decide.

### WILL NOT START UP PLANT

Exceptions will be filed to the sale of the Mergenthaler-Horton Basket Manufacturing company Monday afternoon, to P. B. Luck, for \$34,075. Some real estate mortgage bond holders are not satisfied with the apportionment of the purchase price to their holdings, which brought less in yesterday's sale than in the sale several weeks ago, when the plant was sold for \$25,000 to J. A. Bauer.

In the sale that was set aside by Judge Walter Evans, Mr. Bauer apportioned his bid of \$25,000 so that the real estate mortgage bondholders would receive the face value of their bonds, which was something over \$16,000 with the interest, and the remainder went to the personal property bondholders, some \$8,000. In yesterday's sale, Mr. Luck apportioned his bid so that the real estate first mortgage bonds will receive \$15,144 and the second mortgage bonds will receive \$18,856.

In the original appraisal the real estate was valued at \$16,000 and the personality at \$55,000. Mr. Luck guaranteed to Judge Evans that another sale would bring over \$30,000 and yesterday's sale brought \$1,075 over that figure.

Some confusion exists about the bond issues of the company. Statements that the sale yesterday realized more for second mortgage bonds than for first mortgage bonds, are erroneous, as they are all first mortgage bonds, and for each set of bonds separate property was pledged. Later a blanket mortgage of \$250,000 was issued on the whole plant, but this was enjoined before much of it had been floated.

It is not known now whether Judge Evans will decide the case before he sails for Europe June 24. If he does not, it will be late in the fall before another sale can be held. Owing to the cost of a protracted receivership, it is probable that Judge Evans will give an immediate decision.

Local men, it is declared, have no intention of resuming operations.

## VOLUME OF BILLS CAUSES PROBLEM FOR DEPARTMENT

Washington, June 2.—The new currency law has given the treasury department a problem how to store \$500,000,000 in new bills. The law requires the bills for 7,000 banks to be kept on hand at Washington and in the nearest sub-treasury. It will keep the printing bureau busy all summer preparing the bills. It is expected it will be necessary to build vaults at St. Louis, Chicago, San Francisco, Boston, Cincinnati and New Orleans to care for the bills.

Dr. and Mrs. Frank Boyd, Dr. J. G. Brooks, Dr. Della Caldwell, Dr. C. E. Parrell, Dr. E. B. Willingham, Dr. H. B. Griffith, Dr. H. G. Reynolds and Dr. S. B. Pulliam left Monday evening for Chicago to attend the American Medical association.

### THE SUN'S GREAT VOTING CONTEST.

1 VOTE FOR

M . . . . .

Dist. No. . . . .

Postoffice . . . . .

Street No. . . . .

This ballot when properly filled out and brought or mailed to the Contest Department of The Sun will count as one vote.

Vote after June 9.

## USES KNIFE

WHEN CONDUCTOR ON STREET  
CAR ASKS FOR HIS FAIR.

Kenny Morris, colored, escapes after  
Vicious Attempt to Slay Crew on  
Rowlandtown Line.

After becoming angry because he was asked for his fare, Henry Morris, a young negro, drew a knife and made three slashes at Conductor Will Griffin yesterday afternoon on a Rowlandtown street car. Two long slashes were made in Griffin's coat, but the knife just scratched his skin. The third slash was cut in the back of his neck, but it is not serious, and Griffin was able to be out on the streets today.

When trouble arose Motorman C. W. Crayne ran to Griffin's assistance as Morris jumped off the car he made a sweep at Crayne's throat, which was grazed. The trouble occurred at Ninth and Boyd streets, and after leaving the car Morris ran away. The police are looking for him.

## A Labor Helper.

The ladies of the families of Finck and Malone were exchanging views.

"Ah," said Mrs. Malone, "it is a benefactor to the race that my husband, Mick, is, as well as a jaybird."

"Sure, I never noticed much of either in Mick," said Mrs. Finck.

"Don't? Why he's invented a patent road sweeper which will do the work as well as men."

"Precious little benefactor about that, beaded," was the scornful comment.

"Why, 'tis tukin' the bread out of my mouth that's what it is."

"Whist, now. That's where you make a mistake. Mick's road sweeper takes six men to work it. Och, 'twill be a great thing for the unemployed,"—Philadelphia Ledger.

## A Bismarck Story.

The following story of Bismarck may be new to some readers, save an exchange. He was out shooting with a friend when the latter slipped into a bog and cried for help.

"I'm afraid I can't help you unless I also die," said Bismarck, "and that would be no advantage to either of us. But rather than see you suffer a lingering death I will shoot you for love of heaven, or I may miss you."

With this he raised his gun to his shoulder and took steady aim. The sinking man was so horrified that he made one sudden and terrific effort and was free.

"There you are, my boy," said Bismarck, "you see you can get out alone. To have attempted your rescue would have meant suicide for me."

James, the 3-year-old son of Mr. and Mrs. Joseph Heeder, of Bridge street, is seriously ill of stomach trouble.

## Worse Than He Thought.

A fine robust soldier, an Irishman, after serving Uncle Sam for some time became greatly reduced in weight, owing to exposure and scanty rations, until he was so weak he could hardly stand. Consequently he got leave of absence to go home and recuperate.

He arrived at his home station looking very much of a wreck. Just as he stepped off the train one of his old friends rushed up to him and said, "Well, well, Pat, I'm glad to see you're back from the front."

"Begorra, I know I was gettin' thin, but I never thought that you could see that much," said Pat.—Philadelphia "Public Ledger."

Mr. and Mrs. Tom Lyle, of Malvern, Ark., are visiting Mrs. Lyle's mother, Mrs. Loretta Tully, 1213 Jefferson street.

## BRYAN HAS BEST DAY.

Made Eight Speeches at Various  
Points in Nebraska.

Alliance, Neb., June 2.—Wm. J. Bryan's day began at Chadron early this morning and ended late tonight at Alliance. During the day he made eight speeches at various points. At Crawford there was a non-partisan greeting, Democrats and Republicans joining in a banquet and welcome to Mr. Bryan.

Following the banquet Bryan was driven to the fair grounds where he delivered the principal speech of the day. At Alliance he discussed the railroad situation from the viewpoint of employees and patrons.

## ANCIENT CITY IS FOUND.

Important Archaeological Discovery  
Made in Mexican Forest.

City of Mexico, June 2.—An important archaeological discovery has just been made in the District of San Ignacio Huasteco, State of Vera Cruz. Ruins of ancient pyramids and a number of other prehistoric buildings were found in the deep recesses of the tropical forest. Manuel Torres, representing the National Museum, has just returned from a preliminary visit of exploration to the ruins. He found many interesting relics in the interior compartments of the pyramids. Further explorations are to be made.

Try the Sun for Job Work.

How to Cure  
Constipation

Few people altogether escape a disorder of the bowels. You may catch cold, over-eat, over-drink, worry too much, not exercise enough or do a hundred and one other things that result in constipation or coarsiveness. When the trouble comes it is well to know what to do for it. To the opinion of thousands there is no better cure for constipation than Dr. Caldwell's Syrup Pepsin, which anyone can obtain for 50 cents or \$1 at a drug store. We all have constipation occasionally, and the sensible thing to do is to have a bottle of this remedy always in the house. You take it at night on retiring, for example, and when you wake up in the morning your stomach instantly becomes lighter, your bowels clearer, your eyes brighter, your head more and you are ready to work with enthusiasm and vigor. All this may not have taken more than a dose or two, at a cost not to exceed two or three cents. Can you afford to feel bad when you can feel good for so little?

Dr. Wilson Brown, of Metropolis, Ill., has no hesitancy in saying that Dr. Caldwell's Syrup Pepsin is the greatest of all laxatives and he frankly admits to his patients that if they used it when the stomach, liver or bowels get out of order they would have less need of him. It is without doubt the best cure for occasional or chronic constipation, dyspepsia, biliousness, jaundice, sour stomach, lazy liver, flatulency, indigestion, and similar digestive ailments of all kinds. It is a thousand times better than salts or purgative waters, acts gently but surely, is pleasant to take, does not create any habit, and is permanent.

Go to your druggist and get a 50-cent or \$1 bottle and see if our claims are not justified.

**FREE TEST** Those wishing to try Dr. Caldwell's Syrup Pepsin should send to their home a bottle of the medicine. This offer is to prove that the remedy will do as we claim, and it is only sent to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Get relief most effectively by children, women and old folk. A guaranteed, permanent home cure. **THE PUBLIC VERDICT:** It is the choice of God and man as DR. CALDWELL'S SYRUP PEPSIN. This product bears purity guarantee No. 17, Washington, D. C.

**PEPSIN SYRUP CO.**

**GIVE THE DUCKS A CHANCE**

Alarming Decrease of These Wild  
Birds, in New England  
Especially.

Since the white man settled in New England he has exterminated, so far as that territory is concerned, five species of birds formerly found there. These are the wild pigeon, wild turkey, pinnated grouse, sandhill crane and great auk. If the hunters of Massachusetts and Rhode Island are not restrained by law, the edible pond and river ducks will be added to these extinct species—at least, that is the prediction of Edward Howe Forbush of the National Association of Audubon Societies.

The shooting of these game birds in spring, which is permitted in the two states mentioned, is chiefly responsible for their alarming decrease in number, though Mr. Forbush would also prohibit killing them in January and February. The neighboring states and the Canadian provinces have laws forbidding spring shooting, which operate to the advantage of the gamesters of the states which have not passed such protective measures. Wild fowl formerly bred in great numbers near the streams, ponds and marshes of New England, and would, undoubtedly, do so now if they were protected.

Even in a country so thickly settled as England, many thousands of wild ducks are still to be found in the fens and marshes. A bill has been introduced in the Massachusetts legislature forbidding the killing of ducks from Dec. 31 to Sept. 1. Some sportsmen say that the proposed closed season is unduly long, but there can be no serious question of the advisability of preventing the shooting of the birds in the pairing season. Sentiment aside, common business prudence should induce the lawmakers to enact a law which will preserve so valuable an asset as its game birds to the commonwealth.—Leslie's Weekly.

## A Fable With a Moral.

There was once a Jester who was tired of his job, so he resolved to go to his August Master, who was his Master during the other months of the year also, and beg to be released, so that he could seek Fresh Fields and Pastures New. When the King and his Courtiers saw him approaching they began to titter; but the Jester went straight to the Throne and sank upon one knee.

"Sire," he said, "for many years I have capered and grinnaced to amuse you, and now I fain would rest."

"He fain would rest!" repeated the Monarch, his sides shaking with mirth.

"Sire, I have a family in far-away Provence—"

"Ho ho!" laughed the King. "Ha ha!" echoed the Courtiers. "Ho ho!" giggled the Countesses.

"And I beg of your majesty permission—"

"Isn't he the funniest thing!" said the King.

"To let me go and see them," finished the Jester.

The King was wiping his eyes, which were full of tears of merriment. "Take him away, somebody," he said, "or I shall die of laughing. He grows funnier every day."

Attendants surrounded the Jester and forced him kindly but firmly from the Royal Presence.

And he is still the King's Jester. Moral: It is sometimes harder to lose a reputation than to acquire one.—Robert T. Hardy in June Lippincott's.

## John Grogan Discharged.

John Grogan, colored, was arrested this morning on a charge of bootlegging by Deputy United States Marshal Elwood Neal. He was brought to Paducah and at his examination trial this afternoon before United States Commissioner Armour Gardner, was discharged. Three witnesses were examined.

## ELKS' GAME

PLANS ARE BEING COMPLETED  
FOR SUNDAY.

An Automobile Trip Over City Arranged for Visitors But No Social Session Prepared.

Manager Wolff gave out the final line-up this morning for the game Sunday between the Marion Elks and the local Elks at Wallace park. It is: Allen, left field; Harringer, center field; D. Martin, third base; Wolf, right field; Head, first base; Wolf, second base; Levy, short stop; Prather, catcher; Sutton, pitcher. Substitutes: H. Martin, Groham, Lydon, Weikel, Thompson, Elmgann, Hecker, Schmidt, Hamilton Allen, captain.

An automobile trip over the city in the morning will be one feature of the entertainment for the visiting team. Owing to the day, no social will be given, but the visitors will be heartily welcomed.

Powderly Defeats Owensboro. "Candle Baker's" baseball team of Powderly, defeated Owensboro at Central City Sunday afternoon by the score of 10 to 1. Burden, the Powderly pitcher, struck out 18 men. Baker's team. The Paducah Indians will play there June 14.

## Inspiring a Meal.

Habit, not hunger, caused the attorney to enter a lunchroom. He drummed the menu card indifferently, seeking upon it nothing to tempt his appetite. The waiter leaned heavily upon her jeweled fingers and asked:

"Your order, please?"

As the attorney lifted his eyes, he looked in amazement upon her wonderful attire. After studying for a moment the rolls, waves, puffs and kinky curls, he said, pleasantly:

"Sausage and noodles."

"What a crazy order," confided the giggling girl to the wondering cook.

## IMPROVE FARMS

ROCKEFELLER HAS HIS AGENTS  
URGING CULTIVATION.

Diversification of Crops Flagged on to  
Bring Prosperity to the South  
From the Ground Up.

New York, June 2.—Reports were submitted at a recent meeting of the general education board which revealed a class and quantity of work being done in the south under the direction of the board, with the almost unlimited means which John D. Rockefeller has placed at its disposal, almost wholly unsuspected by the public.

Few persons know that while the board recently appropriated \$20,000 to pay college professors in the south to stir up interest in education and aid in the establishment of high schools, at the same time a appropriated \$80,000 to pay the salaries and traveling expenses of agents, to teach farmers of the southern states how to farm.

"This is our plan," said Dr. Wallace Buttrick, secretary of the board. We found that it didn't do much good to go into a community which was barely able to make enough to live on and tell the people they ought to tax themselves to raise money for better schools. They were simply unable to do so, and it was wasting time to try to make them do it. We saw that it was necessary first to make that community prosperous, to put money in the hands of the farmers and all the other things would follow.

Teaching the Farmer.

"Here is the first thing we did in the way of studying the problem. We found that to aid the south we must aid the country people, for eighty-five per cent. of the southern people live in the country. We selected a middle western state which was largely agricultural—Iowa, I believe—and calculated the average yearly earnings of a man on the farm. We found that it was about \$1,500.

"In some of the southern states it was but \$150. Why was this? The southern people have splendid soil, none better; they have splendid seasons, none better; they have an ideal climate, perhaps the best agricultural climate in the world; their staple crops, tobacco and cotton, find markets in every quarter of the globe. It was plain that the trouble was with the manner of farming.

"We saw what the department of agriculture did for the southern cotton grower in the way of education. By teaching the planter to plow in the fall and get his crop in early in the spring so that a good growth was obtained before the appearance of the boll weevil, this pest became practically harmless.

"In a year or two the planters yield had increased 20 to 30 per cent. because of the superior manner which the government experts had taught him to cultivate his crop.

"We are now conducting, according to reports just submitted by Dr. S. A. Knapp, the director, 14,137 demonstration farms in the south. They are in Mississippi, Alabama, Georgia, North Carolina, South Carolina and Virginia. In these states are 77 agents and collaborators who are paid by the general education board.

## CONFERENCE

OF METHODISTS CONCLUDES ITS  
SESSIONS AT BALTIMORE.

Change in Discipline Goes Into Effect  
June 1, 1909—Other Regulations Adopted.

Baltimore, June 2.—At the concluding session of the Methodist conference it was resolved that changes in discipline and course of study shall go into effect June 1, 1909.

The judiciary committee recommended that when charges of immoral conduct may be made against a missionary bishop between meetings of the general conference, the board of foreign missions shall appoint a committee to investigate the charges and report fully thereupon to the next general conference and that when the charges are sustained the committee may suspend the accused until the next meeting of the general conference.

Under the new rule adopted persons may be received into the church as soon as they are recommended by the official board or by class approval of the pastor.

While doing away with the old method, it also allows for a period of probation of any length that may be deemed necessary.

Among the important matters that failed of final action were the amendment question and the matter of a time limit on pastors. Neither was permitted to come before the conference for discussion, hence the much talked of pastor's 24 stands as it was, stand without elimination of dancing and other words suggested in the Episcopal address, and pastor may be returned to their charges year after year, as has in recent years been customary.

The assignments of bishops include: Iowa conference, Bishop Quales; Black Hills, McIntyre; Central, Gorman; Nebraska, Central, Ellis; Missouri, Berry; Dakota, Wilson; Des Moines, Spellmeyer; Detroit, Erie; Michigan, Hamilton; Minnesota, North Dakota, Northern Minnesota, Northern Swedish and Norwegian, Danish, Wilson; Northwest Iowa and Western Swedish, Spellmeyer; Nebraska, McTear; Southern Illinois, Berry; Upper Iowa, Lewis.

It is expected that some of the new issue will be ready for delivery July 1. As soon as the department is ready to supply the new notes in any quantity required, no further issue of the present notes will be made, the present notes being destroyed as fast as they reach the treasury for redemption and new notes issued in their place.

A young man who wants to get married has certainly contradictory influences to go through. What are they? First, he must put the question, and then he must question the one—Balt more American.

Eczema is Now Curable.

A St. Louis chemist, after many years of careful experimenting and investigation, has discovered a simple remedy that has cured hundreds of cases of eczema that had been pronounced incurable. This chemist believed that eczema and all itching skin diseases were of local origin and were caused by germs which attacked and fed on the skin. He began to search for a remedy that would destroy these germs, and found that by combining the active principles of certain well known vegetable dyes, and applying them locally, the first application stopped the itching and burning, and if used persistently would drive all germs and their poisons to the surface of the skin and destroy them, leaving a nice, clear, healthy skin. He gave this remarkable remedy the suggestive name of Zemo, and gave his introduction to the public. Zemo has proved a very popular remedy and is today recognized the most successful and meritorious remedy ever produced for the relief and cure of eczema and all diseases of the skin and scalp.

Mr. Will J. Gilbert, the druggist, endorses and recommends Zemo and says that he believes Zemo to be an honest medicine and will do all that is claimed for it.

HE DID.

## SCIENCE PREVENTS BALDNESS.

## The Fatal Germ and Its Remedy Now

Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newb's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Hotel, Hite, Mont., was entirely bald. In less than a month Herpicide had removed the elements of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal salt of hair. Sold by leading druggists. Send for the sample to The Herpicide Co., Detroit, Mich. Two sizes, 50c and \$1.00. R. W. Walker Co., Special Agents.

At St. Louis, R H E  
St. Louis 6 10 1  
Chicago 9 12 1

Batteries—Graham, Peltz, Bailey and Spencer; Owen, Mand, Walsh, Sullivan and Shaw.

DeWitt's Witch Hazel Salve. It is especially good for piles. Be sure to get DeWitt's. Sold by all druggists.

Lieutenant Potter and Johnson Return.

Police Lieut. Potter and Patrolman William Johnson returned last night on the steamer Clyde from a trip up the Tennessee river. They have been gone a week on their trip. Patrolman Johnson will resume his work on the Broadway beat, which has been covered by Patrolman James Clark.

William Johnson returned last night on the steamer Clyde from a trip up the Tennessee river. They have been gone a week on their trip. Patrolman Johnson will resume his work on the Broadway beat, which has been covered by Patrolman James Clark.

## RECEPTION LAST NIGHT PLEASANT

**Juniors Will Honor Seniors This Evening.**

**Graduates Will Get No Flowers, If Rule of School Board Is Strictly Adhered To.**

**NO REHEARSALS AT KENTUCKY**

Owing to the use of the Kentucky theater, the senior class of the High school will be prevented from rehearsing the commencement exercises until Thursday morning. Previously rehearsals have been held all commencement week. The faculty tried to make arrangements for rehearsing in the morning, but the lessee refused the permission. In the evening Professor Sagg tried to get the theater for an hour's practice, but the management refused to grant the permission unless \$10 was paid for the rehearsal. Plans of the senior class have been upset, but rehearsals will be held on the High school stage until Thursday, when the day will be used for practicing the songs, and for practicing the essays.

Still persistent is the rumor of the school board that the graduates this year shall not have flowers on the stage. Trustee William T. Byrd, chairman of the committee on schools, has made arrangements for the decoration of the stage with flowers, and flowers sent to the theater for the graduates will not be received. The school girl graduates feel disappointed since the flowers can not be sent them, but wink and say, "How is the board going to prevent flowers from being handed over the footlights?"

**Juniors Tonight.**  
Tonight the Junior class will entertain the seniors with a farewell reception at the High school. The class went out to the country this morning and gathered daisies and the class has decorated the hall pretty with the class colors, red and white of the Junior and blue and gold of the Junior.

**Last Night's Reception.**  
The freshmen and sophomore classes entertained last night at the High school in honor of the senior class. The hall was decorated with streamers, streamers, daisies and pennants. The class colors of black and gold and black and orange were used effectively in the decorations. Cream and cake were served during the evening. An orchestra played during the evening. Besides the students many parents were present and a most enjoyable evening was spent.

**Examinations.**  
Examinations were held at all of the schools today and expressions from the teachers are that there will be few failures this semester.

### RAILROAD TERM.

"The westerner then."

**Free Mustard.**  
James Russell Lowell said, "All deacons are good, but there are deacons in deacons," and it may be added that there are deacons in other varieties of men.

Squire Blank was not only the richest man in his village, but the strongest as well. Nothing gave him such keen delight as to get something for nothing. One day he and several of his neighbors had been in conference with a manufacturer who contemplated establishing a mill in the town. The conference was held in the store of the village, and at its close the manufacturer stepped up to a showcase containing cigars and said:

"Have a cigar, gentlemen."  
All the men selected a cigar except Squire Blank. He did not smoke. Therefore he said:

"Thank you, sir, but I don't smoke. But as the cigars are a dime apiece I'll take a dime's worth of mustard if you say so."

**English Views.**  
An American actor was once seeing London from the top of a "bus". As they swung down the strand he asked the driver to point out the places of interest. "Right you are, sir!" agreed the driver, touching his hat. "There's Lambeth, where they hang 'em." "A little later," "There's Parliament houses, where they make the law not does it, across the way. An' there's Westminster Abbey, where they buried the good 'uns not didn't get 'anged!"

The good you do is not lost though you forget it.—Flelding.

**For Thoughtful People.**  
Not only has there been no specific for chronic kidney disease, but physicians and pharmacists have had no treatment for inflammation of the kidneys.

In evidence of this let us quote from one of the latest authorities, James Tyson, M. D., Prof. of Medicine in the University of Penn. In his latest work (1904, page 156) he plainly says, as to curative measures to restore the kidney to its normal condition, "I BELIEVE THERE ARE NONE."

He further says the change from the first stage (the curative period) to the second or chronic stage (considered incurable) is probably established in all cases by the sixth month.

How can thoughtful people afford to think of anything else at any stage of kidney trouble?

Due to a deplorable lack of knowledge as to the seriousness of kidney disease and a common disposition to treat it lightly kidney deaths have increased until they now reach \$3,000 annually—over a hundred and seventy per cent.

## BRYAN'S FRIEND

**DIES AT WASHINGTON AFTER BRIEF ILLNESS.**

**Former United States Senator James K. Jones and Former National Chairman.**

Washington, June 2.—Former United States Senator James K. Jones, of Arkansas, aged 63, died here last evening after an illness of a few hours.

The immediate cause of his death was heart failure.

He was one of the leading Democrats in the senate from 1885 to 1907, and one of the strongest supporters of W. J. Bryan, having acted as chairman of the Democratic national committee and conducted the campaign of 1896 and 1900.

Senator Jones was a delegate to the national Democratic convention in 1896, which gave Bryan his first nomination, and as chairman of the committee on resolutions he reported the 16 to 1.

### POINTERS FOR YOUNG MEN.

**Little Things to Remember for Those Seeking Positions.**

The young man accepting the first position finds that results are what count the most in the world of wage-earners, and that the young man who makes ready promises and does not keep them will not be apt to be favored with an increase of salary when the personnel of the working force is gone over to see which of the men in the employ of the firm are giving efficient service and deserving of recognition.

The young man must make up his mind to accept his first position with one point in view—that he will work all the time he is on duty during business hours, and that he will not allow any portion of the work to be neglected. The small tasks, he will find, accumulate rapidly, which will make work outside of his regular hours a necessity.

A bad habit to fall into is to grumble all of the time that you are doing too much work for the salary paid. When a young man is hired by a business house it is a plain business proposition—the duties of the position are fully explained, and the employee agrees to do so much work each day for so much pay. If the young man agrees to accept the situation, he also agrees to do the amount of work that belongs to the position, and if he finds there is too much work for the pay, he has the privilege of seeking another situation, the same as the employer has to get another man to do the work if he learns that the young man cannot fill the position.—Share Moments.

**Impressive Statistics.**  
That wireless telegraphy is becoming a powerful factor in overseas communications is shown by statistics recently collected which give the number of stations at 1,550, classified approximately as follows:

Commercial land stations, 195; merchant vessels, 170; lighthouses, etc. (government stations), 150; naval installations, 650; military portable installations, 65; experimental stations, 310. These 1,550 stations had been erected by the various companies in approximately the following proportions: Telefunken, 41 per cent.; Marconi, 20 per cent.; De Forest, 6 per cent.; Lodge-Mulholland, 3 per cent.; Essenden, 3 per cent.; other systems, 27 per cent. As regarded commercial land stations the proportions were: Marconi, 32 per cent.; other systems, 68 per cent. On merchant vessels: Marconi, 56 per cent.; other systems, 44 per cent.

**Always There.**  
Trouble is about the only thing that can invariably be found where one looks for it.

Accidents rule men, not men accidents.—Herodotus.

## A Stroke In Mechanical Engineering.

[Original.]  
Joseph Bannan and Thomas Elrod were friends. Elrod was an educated man who never seemed more than a competence. Bannan was a self-made man, a manufacturer, and got rich. Elrod's son Henry, as a boy, had a mechanical shop in his father's cellar and showed considerable aptitude for mathematics and mechanics. When his father died, leaving him nothing, Henry persuaded Mr. Bannan to give him a subordinate position in his works. Bannan, who considered both the boy and his father impracticable, took Henry into his service under protest, remarking that the boy would never get beyond the bottom round of the ladder. Henry did well enough till his employer caught him making love to his daughter, Mary Bannan, whereupon Mr. Bannan discharged him.

The morning Henry stepped out of the office building at the factory to hunt another job he saw a group of men, foremost among whom was Bannan, looking up at the great smoke-stack. Joining them and inquiring what was the matter, he was informed that the stack was leaning to one side. Indeed, an engineer had just determined that at the top it was forty-five inches out of plumb.

There was a serious matter. From all appearances a scaffolding must be erected about the stack, the stack must be taken down and another built in its place. Indeed, it would be fortunate if the chimney did not fall on the factory buildings beneath it, destroying them, with much valuable machinery. Bannan was very much troubled. His engineer told him there was no way by which the stack could be straightened, and before leaving the spot he gave orders for the erection of the scaffolding and the subsequent taking down of the chimney.

Elrod went away, trying to concentrate his mind upon getting another position. But the chimney, or, rather, some method of straightening it, had got into his head, and he could not get it out. He thought all day and toward evening took pencil and paper and began to figure. At midnight he went to bed, but could not sleep, so, getting up, he went over his figures to see that they were correct.

The next morning, after having slept only a couple of hours, he went to the Bannan works. Carpenters were just beginning to erect the scaffolding around the stack. Henry went into Mr. Bannan's office. Bannan, supposing that he had come to protest against his dismissal, frowned.

"Mr. Bannan," he said, "I don't think it necessary to take down the stack. I have a plan for straightening it."

Bannan looked at him as a general would look at a corporal who was about to inform him how to save his army.

"If you wish it, you are welcome to it," Henry added.

Still there was no word from Bannan. He was considering whether the young man had lost his senses.

"The base of the stack," continued Henry, who gathered confidence the moment he entered upon his plan, "is a big square, simplifies the problem. The stack leans to the east forty-five inches. I would remove ten and a half inches of brickwork at the base on the other three sides. I would insert in the spaces left blocks of wood of equal size, thus resting the three sides of the structure on the blocks. Between the blocks I would build brick piers six inches high, leaving a space four and a half inches between the tops of the piers and the bottom of the undermined brickwork. Now, if I can reduce the height of the blocks by four and a half inches the gap will be reduced by this amount and the stack will veer to the west forty-five inches at the top (the chimney is 122 feet)."

Bannan's eyes were fixed on the speaker during this statement with growing interest. He had forgotten the lesser in the more important matter. He continued to stare for a few moments after Henry had finished, then asked:

"With the enormous weight (nearly 400 tons) on the blocks, you can't cut them down and get out the surplus."

"I have thought of that," Henry replied. "I will burn them out."

It seemed as if 400 tons had been taken off Bannan's mind.

"Where are your figures?" he asked.

Henry produced them and waited while Bannan went over them again and again.

"Come," said the latter when he was satisfied; "you shall have charge of the work."  
After the successful removal of the bricks and the insertion of the blocks Henry Elrod marked off the space to be burned out, set the blocks on fire and kept them burning evenly. If one burned faster than the others it was immediately checked till the others caught up with it. Thus they were kept burning uniformly while the stack slowly righted. Small fissures opened on the opposite side near the base, but steel wedges were driven into them, which maintained a solid mass. When evening came the work was finished, and the stack was as good as when it was first built.

Henry Elrod when at breakfast the next morning received a note from his late employer containing a check for \$1,000 and offering him the position of superintendent of building and machinery at a handsome salary. Another note, written in a more delicate hand, came with the first, congratulating the young engineer on his triumph. Henry's wife now owns the factory, and Henry is its manager.

MARTIN C. UNDERWOOD.

"Ah! proud beauty!" exclaimed little Sullivan, "you spin my live now, but let me tell you, I will not always be a clerk. I—" "That's so," interrupted the heartless girl, "you may lose your job."—Philadelphia Press.

## A WEEK OF GREAT VALUE OFFERINGS

This firm, which is always wide awake to the opportunities of buying goods at the lowest possible prices, took advantage of the declining markets and bought liberally of many seasonable lines and offer them to the public at just such comparative low prices as was paid for them. The lines embrace Ready-made Skirts, Lingerie Dresses, Kimonas, Wrappers, White and Colored Tub Materials, Sheets, Cases, Towels and Toweling, Spreads, Embroideries, Laces, Curtains, Rugs, Mattings, Men's Furnishings, etc.

Each day has its specials; tomorrow we offer the following:

**Lingerie Dresses, Kimonas, Wrappers, Wash Skirts**

Along with other goods of this fortunate purchase were Lingerie Dresses, Kimonas, Wrappers, Wash Skirts.

**Lingerie Dresses**—White, light colors, small figure, d. faneles, etc., made of a good grade of Lawn, Batiste and Mull, well made, lace trimmed and perfect fitting; special prices ranging from..... \$4.50 to \$10.00

**Kimonas**—Short Kimonas made of dainty, sheer small figured lawns, with solid bands and braided, very special values at..... 25c, 38c, 50c, \$1.00

**Kimonas**—Long Kimonas, made of extra quality of lawn and batiste, neat figures in all colors and black and white, trimmed with bands of solid material, well made, exceptional values at..... \$1.00 to \$2.50

**Wash Skirts**—White and colored Wash Skirts, made of German Linen, Union Linen and Linen, precisely made, trimmed with bands of same material and buttons, hand tailored, perfect fitting garments; bought at a special price and sold special. Prices ranging..... \$1.25, \$2.00, \$3.00, \$3.50

**Wrappers**—Lawn and Dimity Wrappers, white ground with neat black and colored figures and stripes. Nicely made, neatly trimmed, for less than the cost of material..... 69c

*The Daylight Store*

## Night Riders Attack Olmstead, Ky.

Olmstead, Ky., June 2.—A band of night riders celebrated the early hours by burning a large tobacco factory of this place.

The property which was destroyed belonged to John Scott, a prominent tobacco buyer for the Italian region.

**Discharged Firearms.**  
The advent of the night riders was signaled by the firing of guns and pistols. Nobody offered any resistance and the few who peeped out of windows say they could not tell how many were in the gang or whether they were masked.

The riders applied the torch to the Scott building and it was burned to the ground. The loss is about \$5,000 with \$2,000 insurance.

Two years ago Scott was waiting on in the day time by organization farmers, who requested him not to buy tobacco.

Two months later night riders called him from his home, and it is reported told him either to quit buying tobacco, leave the country or suffer death at their hands.

### Sold His Home.

Scott sold his home and moved to Russellville. He placed his factory on the market, but was not able to sell it.

He rented the building to James Browder, an association prize. Browder had about finished his work for the season and shipped out all the tobacco.

There was nothing in the building when it burned except type samples and two carloads of fertilizer.

Mr. Scott has been one of the largest purchasers of association tobacco at Russellville.

Kodol is the best known preparation that is offered to the people today for dyspepsia or indigestion or any stomach trouble. Kodol digests all foods. It is pleasant to take. It is sold here by all druggists.

A footpad held up a lawyer in New York the other night and got away without losing a cent.

Some of the charity that begins at home makes a hasty getaway.

### VERY THOUGHTFUL.

"How fortunate I thought to bring along my umbrella, Ahn!"

Kennedy's Laxative Cough Syrup is the one that children like so well to take as it tastes nearly as good as maple sugar. It acts gently yet freely on the bowels and thereby it drives the cold out of the system. It is sold by all druggists.

There is a nobility in the world of manners.—Schiller.

### WHITEWASHING WITNESS CHAIR IN POLICE COURT.

The big witness chair in the police court room is receiving a coat of white paint. Jailer Wade Brown has just finished the priming coat, and when it dries, enamel will be put on. On the back the word "Truth" will be painted. City Jailer Brown believes that the purity of the chair will be too much for even the hardened criminal and the sight of the chair will inspire him to tell the truth, though others think it not unusual for witnesses to turn their backs on the word of truth. It will be several days before the chair has dried enough for use.

**Runaway Colored Boy.**  
Ernest Clark, a colored boy 16 years old, was arrested last night by Patrolmen Owen and Elch at Eighth and Humboldt streets. The boy ran away from his home in Mounds, Ill., and the police were notified to keep a watch out for him. Clark's father came here this morning and took him back to his home.

There can be no affinity nearer than our country.—Plato.

**Wallerstein Says:**

that the man who does not profit by this sale either has more clothes than he can use or too much money to be interested in economy and bargains. At present we are offering broken lots of Spring Suits at ONE-FOURTH-OFF of the prices which have prevailed on them during the season. For instance:

Suits that were \$30 now	\$22.50
Suits that were \$25 now	\$18.75
Suits that were \$20 now	\$15.00
Suits that were \$18 now	\$13.50
Suits that were \$15 now	\$11.25

Exhibition of these Suits in our entire West Broadway Window.

Average for April, 1908.....4102  
 Average for April, 1907.....3971  
 Increase.....131  
 Personally appeared before me, this May 2, 1908, H. D. MacMillen, business manager of The Sun, who affirms that the above statement of the circulation of The Sun for the month of April 1908, is true to the best of his knowledge and belief.  
 My commission expires January 20, 1912.  
**PETER PURYEAR,**  
 Notary Public.

## Daily Thought.

"The tree will not only lie as it falls, but it will fall as it leans. What is your inclination?"

June, the month of roses, brides and sweet girl graduates, arrived, in a sulky mood.

Passing an ordinance, simply because it can be amended at any time is rather reckless.

The cry of protest at the billion dollar budget, is stifled by our \$15,000 bite of federal pie.

Weather conditions indicate considerable agitation of the atmosphere in greater altitudes of the Rockies and the southern lake shore within the next few weeks.

That resolution of the American Medical society urging action against alleged medical schools, graduates of which average over twenty per cent of failures in practice, will have to be amended by affixing a formula by which to measure a failure. We can produce witnesses against any doctor in Paducah to prove he is a failure, and we can produce equally as many, who will conscientiously answer that his cures are a little short of miraculous. We know one thing, our family doctor is the best doctor that ever lived, and a mighty poor collector.

Contractors, preparing to lay concrete sidewalks on Broadway between Ninth and Eleventh streets, have torn up both sides of the street, compelling pedestrians to take to the middle of that much traveled thoroughfare for two busy blocks. Of course, it is too late to take action in regard to this particular job, but the city should not permit both sides of a street to be blocked at once. If the weather should stay hot and the contractors should build both sidewalks at once, the pedestrians might not be inconvenienced more than a week or so; but if it rains they will have to travel in the mud those two blocks, awaiting the convenience of the contractor to proceed with the work.

## COAL OIL FIRES, INSURANCE, ETC.

It certainly seems outrageous to put such a benevolent institution as the Standard Oil company to extra expense in moving its plant, just because the city has grown up around it, hysterical insurance companies have put up the rates on surrounding property and citizens are getting nervous; and, forsooth, of what weight is the report of a fire chief and board of police and fire commissioners against the word of a corporation lawyer representing the oil company?

But perhaps, those property owners who are complaining of the presence of the oil tanks in their vicinity, think the expense to the oil company of moving its tanks a safe distance, will not be so great a hardship as the expense to them of rebuilding their property, and possibly burying their dead, in case any casualties attend a prospective fire. Should they wait until they see whether a fire is going to occur again before judging?

Elaborate precautions for the protection of surrounding property are

demanded in the case of industries and structures necessarily erected in a thickly populated section of a city; such as engine houses, lighting plants, electrically wired buildings, etc., but industries and storage plants that are inherently dangerous and are not needed inside a city must be placed out to themselves, and no precautions that can be taken will absolutely remove the hazard of fire or explosion, either through carelessness or the act of God. No other precaution will equal the precaution of isolation. Hazards may be minimized by steel construction in the case of oil and gasoline tanks, and by quarantine in the case of shiploads, but we build a pest house for the one, and we should isolate the other.

To compare tanks of oil and gasoline with an electric power plant, like the city's and the traction company's, is ridiculous, especially when the oil and gasoline have soaked the ground for years beside a railroad track with sparks flying almost every minute of the day and night.

The presence of just such things as the Standard Oil tanks increase insurance rates, increase fire losses and compel cities to spend more money annually for fire protection. Such a case as that presented by the Standard Oil company, which just recently had a serious fire, that moved the fire chief to expostulate against the continued presence of the tanks in the city, is so plainly one-sided, that it is unbecoming of the company to appear before the general council by attorney and protest against its removal. It looks as though the company does not care for the rights and interests of the people of Paducah, so it can be saved a little expense and inconvenience.

**MR. WHEELER'S SPEECH.**  
 The Louisville Evening Post, criticizes Hon. Charles K. Wheeler's Bryan club speech.

Mr. Charles K. Wheeler addressed a Democratic club Saturday. He denounced the president, and in one breath declared that he was the most dangerous man who had been in the white house; in the next breath Mr. Wheeler insisted that the president had proclaimed his policies from the Democratic party. Democratic orators ought to revise their speeches and commit them to memory verbatim. It does not make Democratic votes to denounce the president as a dangerous demagogue, and then to insist that his policies are the peculiar property of the Democratic party.

## SLIGHTLY HUMOROUS.

### A Great Thinker.

"Young Screecher is a great thinker." "Indeed." "Yes; he thinks he can sing."

## PLAN A NEW SOCIAL LIST.

Ward McAlister's "400" Will Be Cut to "300."  
 New York, June 2.—Under the direction of several leaders of society a new list of New York's social elite is being prepared. It will reduce Ward McAlister's famous "four hundred" to about three hundred.

The new roster will afford some striking innovations. No person will appear upon it who does not make his home in the city at least five months of the year, and a family tree clearly traced back to the year 1700 is a requisite.

Mr. and Mrs. Cornelius Vanderbilt will be the social leaders of the city, if the wishes of those in charge of the new movement are carried out.

## BROADWAY IS REPAIRED BY STREET DEPARTMENT.

Had places in the street on Broadway are being repaired today by the city street department. It was thought that these places could not be repaired without disturbing the drainage and level of the whole street, but the anticipated difficulty has been met by chipping off the bricks to the height and filling in the cracks with cement. Many hard joints will be eliminated from Broadway with the repairing of theseunken places.

## High Water At St. Paul.

St. Paul, June 2.—The Mississippi river, which, during the last week, has risen four feet here, because of recent heavy rains, went up to 13.9 feet above the low water mark and is expected to touch 14 feet, the so-called "danger point," within a few hours.

Mrs. J. W. Pendley and daughters, Floy and Fannie, arrived home last night from Georgia, where the Misses Pendley have been attending school.

Mrs. L. Steinfeld, of Louisville, is visiting her son, Dr. M. Steinfeld, 420 North Sixteenth street.

# THE VANISHING FLEETS

By ROY NORTON

ILLUSTRATED BY A. WEIL

(Continued from last issue.)

The premier of the dominion of Canada was asked in the interests of humanity to pass a communication to the soldiers on the border, asking for particulars of the destruction of the Japanese fleet. It was duly accepted and forwarded, and back came the reply:

"The United States has no report whatever to impart on the subject most vitally concerning her majesty's closest ally beyond the fact that the fleet which came to invade the Pacific coast has been duly met, properly vanquished and rendered incapable of further harm. The United States regrets that such action became necessary, and with all due respect to Great Britain and all other powers as may be interested, wishes to express a dis inclination to reply to any further communications of this or a similar nature."

A slap in the face could have caused no greater consternation. The very terms of the reply showed insolence toward all the world, and demanded explanation. But who dared attempt it? What country was brave enough to take the risk of meeting those terrible submarines, which were capable of complete annihilation that ever had been mobilized and sent away? If they only knew what form these monsters took, what dire warning they gave as they advanced to the attack, there might be some means of offsetting them or perhaps repelling them. That information, at any cost, must be gained. In its reaching out for anything which might suggest a way, the British ministry sent for Hillier.

Guy, sleepless and worn from nights and days of anxiety, responded to the call, listlessly wondering what further information he could give as to the situation in America, or what if any duty could be expected of him when the ministry itself was unable to accomplish anything.

He was ushered into the room where on several previous occasions he had answered questions, and found there the same men who had met him on the day of his arrival in London; but there was a different attitude this time, however, and the officials before him seemed anxious and ill at ease. Plainly they were ready for any suggestion he might offer, or any measure that might seem possible.

"Mr. Hillier," the lord of the admiralty began, "in all the time you were in Washington did any rumors or stories or information reach you regarding some new form of submarine boat projected, or being experimented with, by the United States government?"

At first, on impulse, he almost answered "No," but before his lips could formulate the monosyllable there suddenly returned to his memory several conversations he had had with Dr. Roberts on this subject, and also he recollected that in one of these talks Norma had participated. There was no reason so far as he could think why he should conceal this knowledge.

"Yes," he replied, "I do know something of the subject, but nothing tangible or of value. That which recurs to me is a conversation I had a few months ago with a scientific inventor who is a friend of mine."

"And his name, pray?" "Dr. William Roberts."

"Every man in the room gave a start and looked at his neighbor. The mention of the name seemed to have affected them. The prime minister repeated it as an exclamation. "That is the man," he said, "who is supposed to have gone insane, but who at one time, according to our secret reports, was working on some electrical discovery which might be utilized for an improved submarine. What do you know of it?"

"I know only this," he said, "that Dr. Roberts told me he believed it perfectly feasible so to use electricity through metal as to change its structure and at the same time lessen the resistance, or skin friction, through the water of a boat so constructed."

"Were you at the time discussing submarines?" "Yes, we were. The subject arose through his describing certain experiments in which he and his daughter were then engaged. His contention was that a submarine could never be made totally effective unless it gained a speed so far beyond anything known that it could traverse great distances and maneuver with such rapidity that it would be practically immune from attack."

This must then be the solution! and he read in the faces of his interrogators that they so accepted it. There was a chorus of questions which he could not answer. He admitted his lack of technical enlightenment, and also that he had no knowledge of what success had resulted from the experiments. Nothing of a valuable nature had been given to him at the time of that or any other conversation. But he had made it certain in the minds of his superiors that, though they might not know the secret of the submarine which had destroyed the Japanese fleet, they at least were

aware what form of attack might be expected in case of war. In the nature of things it could afford no solace; but it might assist in obviating danger.

He listened to the discussion, and felt that he should be given leave to go, now that he had told all he knew; but he was again brought to the fore by a question.

"We understand you are personally on very pleasant and friendly terms with the president of the United States?"

"Yes, I think so."

"Do you believe that if you were in Washington you could gain an audience with him through his friendship and deliver into his own hands a message from our government?"

"Yes, if I was in Washington; but it now seems inaccessible."

The prime minister, to whom the others looked, reached over and picked up a paper knife with which he idly tapped on the table where lay a map. "Mr. Hillier," he said, "we are about to send you on a very important journey. We have selected you because of your thorough familiarity with the United States, your perfect knowledge of the Canadian border line, and your ability to talk personally to the president if he can be reached. We are not at war with the United States, and do not believe that vessels sent by us would be attacked unless war was declared. In the interests of the national dignity, however, we are compelled to make some kind of demonstration of strength off the American coast—this for the reassurance of our own people in Canada, if for no other purpose. We are going to send our most powerful fleet into Canadian waters, where it will be stationed until this war is at an end. You recognize the danger?"

Hillier sat thoughtfully for a moment and then said: "Yes, I think I do. You are afraid that if a great fleet was sent toward Canada it might be misinterpreted by the United States as a warlike move against her; there might be accidents; and then our vessels would disappear as completely as did those of Japan."

"You are right," the minister assented, and his companions nodded in approval. "Now, under those circumstances it is necessary for us to get word through, without any chance of misinterpretation, fully and clearly explaining to the United States that this demonstration is for the reassurance of Canada; that it has no intention of interfering with American affairs, and requesting that measures be taken to prevent its being attacked under misapprehension. It is that message did miscarry or was delayed in its delivery to one sufficiently high in authority, the results might be fatal."

"And you wish me to make an attempt to deliver these advices?" "Yes, because we have tried through other agencies and failed. This time there must be no failure, because the North Sea fleet is now being mobilized to its full strength, including the Dreadnought and her two sister ships, and will sail within a week after your departure. Do you think you can pass the lines?"

Guy's heart gave a great bound of satisfaction. Now he would have all the aid his government could give to penetrate the cordon and reach a place where he stood the best chance of finding Norma, or of learning where she was and what had happened to her and her father.

"No one can try harder, sir," he hastened to assert, "and I believe that if anyone can enter I can."

"When can you go?" "As soon as you are ready."

"Then let it be to-night. One of our fastest dispatch boats, probably the Norfolk, will take you, and will land you wherever you deem it best to make the attempt. I suppose, however, you will endeavor to go through by way of Canada?"

He answered that such would be his intention, shook hands with them all, received his messages and left the chambers, his blood tingling with the excitement of action and elated because the call of duty was leading him back into the land where Norma lived and might be found.

In the chamber he left behind a group of men, who looked at each other and said: "He is the fourth man to try it; and is not only the best, but our last hope."

## CHAPTER VIII.

### The Lone Voyager.

A special train breaking records for speed swung shrieking into the archway of the Liverpool station, and Hillier, carrying nothing but light baggage, jumped out of his compartment and walked along the Queen's landing to the gangplank of the waiting Norfolk. Two men in sailor's uniform, who evidently had been posted for the purpose of keeping curious loungers away from the boat, halted him, and were joined almost on the instant by two officers in wait. Hillier recognized one as a personal friend. They shook hands, bowed to the ship, and almost before their feet were planted on the deck the landing stage was swung into the air and she proceeded to get under way.

It was plain to Hillier that no time was to be lost in this trans-Atlantic journey; for before the Norfolk had passed out of the river she was working under forced draught. He found himself the only passenger, and that instructions had been given placing the destination of the ship under his orders. That the government purposed to spare no expense or effort in assisting him to a successful conclusion of his mission was evident. He was tired of hearing of war, and felt a secret sense of satisfaction as day after day passed in respite from such news.

Out of the North sea, sluggishly rolling in the swells and floundering through the waves, gathered a fleet almost as powerful as that which had been mobilized by Japan. Other nearby stations sent in their quota of cruisers, torpedo-boat destroyers and swift-moving dispatch boats. Five of

They Shook Hands.

the world's greatest battle ships formed the heart of this apparently invincible gathering, which was to cross the ocean to a land of mystery, always facing the possibility of destruction by a terrible and unknown engine of warfare.

The people of England were much divided in opinion as to the advisability of the government's move when it became public. A strong conservative element feared the danger of Great Britain being involved in the war through this action, while the liberal partisans and Jinkows asserted that it was the only method of upholding the country's dignity, demonstrating to America that England would do her best, and at the same time assuring Canada that the mother country intended to support her in case of attack along her border line. That Britannia still ruled the waves was generally doubted; for if the Americans had in their possession means of so easily overcoming a fleet as lost, there was almost a certainty that she could conquer any adversary sent against her on the water. It was no longer a question of warfare on land; for all the transports in the world would be powerless against such submarines as the nations now considered the United States must possess.

Before sailing, the fleet commanders had been called into a council and given positive instructions that they were not to permit themselves to be drawn into action in any event before reaching Canada. On their arrival they were at once to cooperate with the dominion government in whatever way seemed advisable at that time, and follow such orders as might be given from London.

The clearance, however, unlike the sailing of that fleet from Japan, was not accompanied by any gala demonstration. It was rather with dire misgivings that the public witnessed this departure, which were to a certain extent shared in by those aboard the vessels, and it was fully realized that the flower of England's navy might never return from its voyage into an unknown danger.

The conservative press lent a funeral attitude to the occasion in its treatment of the situation, one journal declaring that "England is sending to magnificent martyrdom men who had better have been retained at home for their country's good." Another paper characterized it as a "useless sacrifice." This became the general public opinion within a few days, as reports from Canada continued gloomy and showed no prospect of a rift within the clouds.

The music halls, always an index to the popular view, found their greatest hits in topical songs which were generally of the tenor that the great, grand, glorious and gorgeous British tar had sailed away to do or die with the accent on the "die." A general air of melancholy prevailed over all England, and as the days went on and the fleet itself got beyond reach of the wireless telegraph stations and far out on a deserted ocean, the sentiment was one of acute expectancy.

The admiralty was advised of the arrival without incident of Hillier, and apprised of the fact that he had decided to make his attempt to cross into the forbidden land unaided. There was a certain sense of satisfaction in the knowledge that a good and efficient man was on the ground with at least a chance for success in his endeavors.

This beautiful state of mind was dispelled one bright afternoon, and England thrown into a furor that scarcely could have been greater had one of the mysterious submarines appeared off its shores and begun bombarding the nearest city. It was like an intimation of disaster delivered in advance of more terrible news.

(To be continued in next issue.)

## YOU DON'T HAVE TO WAIT

Every dose makes you feel better. Lax-Pop keeps your whole system right. Sold on the money-back plan everywhere. Price 50 cents.

## MONSTER CATFISH CAUGHT IN ALLARD LAKE.

A catfish, weighing 68 pounds, 5 feet 7 1/2 inches in length, was the catch of Captain Brockelridge and George Rickslein in Allard lake this morning. The two men were out on a skiff fishing when the monster fish took hold of the hook and when Captain Brockelridge seized the fish to pull it in the boat, the fish stopped and Captain Brockelridge was thrown out of the boat. The captain scrambled back in the boat and then both men after a tussle of 20 minutes landed the fish. The fish was brought over to the Mecca saloon at Fourth street and Kentucky avenue where it was weighed and measured and is now on exhibition.

## POLICE CHIEF'S MEET.

Ways and Means of Dealing With Anarchists Leading Topic.

Detroit, Mich., June 2.—Ways and means of dealing with anarchists is to be the leading topic of discussion at the annual convention of the International Association of Chiefs of Police, which is to begin its sessions in this city tomorrow. The subject is to be presented through a paper by Chief of Police George M. Shipley of Chicago, whose life was attempted by an anarchist last March.

Headquarters for the convention were opened today at the Wayne hotel, where the business sessions will be held. The convention will be attended by the heads of the police departments of nearly all the large cities of the United States and Canada. Mayor Sylvester, chief of police of the District of Columbia, has been the president of the association for a number of years and will be the presiding officer at the convention. The city of Detroit has provided for automobiles, boat excursions, theater parties and other forms of entertainment for the visiting chiefs.

## THEATER

### Clean Vaudeville.

Paducahans are to enjoy good vaudeville this summer, from indications at the beginning of the summer season, but the managers should adopt the Keith method and make their comedians recite their jokes and songs to them before appearing on the stage. Indecent allusions and vulgar songs and remarks are not funny to the respectable element to which local houses cater, and unless such things are cut out the houses will suffer.

### At the Crystal.

The Crystal offers an excellent bill. Lovell, the slack wire expert, opens with a clever act, abounding in sensation.

Arthur Browling, the tramp monologist and dancer, was received respectfully on his first appearance.

The sketch team puts on some rattling comedy. The pictures are good.

### At the Casino.

Comedy, musical comedy, is the bill at the Wallace Park Casino this week. "Papa's Boy" was the opening bill. There are 18 people in the cast and several novelties are introduced.

Manager Malone, of Wallace park, is negotiating with the management of the Hutton-Hall Stock company for a two weeks' engagement at the Casino, commencing next Monday. The Hutton-Hall company is said to be one of the best summer companies on the road this season, and it is to be hoped that arrangements may be completed so that Paducah people may have an opportunity to see them.

## Expensive Talk

Probably the most expensive long distance telephone message ever sent from Paducah was late yesterday afternoon when a representative of the Mayfield Water and Light company talked for one hour and thirty minutes over the long distance telephone of the East Tennessee Telephone company. The bill for the message was \$106.50, the largest ever paid to the local office for one message, and probably a record breaker. Machinery was ordered for the water and light plant of Mayfield, which was destroyed by fire several weeks ago. A stenographer was on the line, and she took down the order in short hand. Owing to the specifications of the machinery, it was a difficult message, but it was received correctly at the other end of the wire. The line ran from Mayfield to Paducah, where it was switched to St. Louis and from there to Indianapolis. From Indianapolis the wire went to Pittsburgh and from there to Hazelton, where it was received. The line approximately was about 1,000 miles long. None of the officials in Paducah ever knew of a message sent over the long distance so long before. The message was difficult, as there were many figures, but on repeating the message it was found nearly correct.

### To Protect Crops.

Lexington, Ky., June 2.—County Judge Hullock has been freely issuing licenses to men to act as special country patrolmen upon the application of reputable growers in the county. Dr. Samuel Halley and H. L. Lyle have had men appointed and they expect to raise good crops this year. Other farmers are following suit.

### Three Working Rules.

Dr. Edward Everett Hale in his June page in Woman's Home Companion gives three working rules for conduct of life.

1. Live in the open air as much as you can.  
 2. Touch elbows with the rank and file.  
 3. Speak every day to some one whom you know to be your superior.

—Edward Everett Hale.

Contracts already let for the work on the New York barge canal amount to over \$22,000,000.

Oh, first of human blessings, and supreme, fair peace!—Thomson.

## State President is Pleased

(Continued from page one.)

Spencer and Mrs. C. P. Hanks, Richmond; Mrs. John Dinamore, Berea; Mrs. M. Roark, Richmond; Miss Lillian Lindsey, Frankfort; Mrs. W. F. Lafferty, Cincinnati; Mrs. L. C. Willis and Miss Poynter, Shelbyville; Mrs. Lafon Riker, Harrodsburg; Mrs. Hinditt, Mrs. C. N. Baker, Henderson; Mrs. Morton, Mrs. John Coker and Mrs. Hoyd, Wickliffe; Mrs. John Thixton, Owensboro; Mrs. Dave Johnson, Clinton; Mrs. Major Fulton; Mrs. Duke, Fulton; Miss Luella Boyd, Covington; Miss Lucy Shum, Mrs. P. P. Lowry, Paris; Mrs. John D. Durham, Mrs. R. H. Lacy, Franklin; Mrs. Eliza Johnson, Owensboro; Mrs. Wallace Bartlett, Mrs. S. W. Powers, Lawrenceburg.

### Ushers and Pages.

Miss Halle Hiley announced the following ushers and pages to serve in the morning and afternoon business sessions: Wednesday: Wednesday morning—Misses Belle Cave, Frances Wallace, Halle Hiley and Lilla Broad, of Louisville, ushers. Pages—Miss Henry Alcott and Miss Elizabeth Seabrook. Wednesday afternoon—Misses Philippa Hughes, Catherine Gulgley, Edie Murray and Malde Gardner, ushers. Pages—Miss Nellie Hatfield and Miss June Stevenson.

Mrs. R. H. Phillips will read the report of Mrs. Mason Murray, of Louisville, chairman of the forestry committee, who cannot be present at the federation meeting.

Mrs. Letcher Riker, president of the state federation, and Miss Haldon Hardin, corresponding secretary, were entertained at luncheon today by Mrs. Edmund Post, third vice president of the federation. Mrs. G. H. Warnken, of Harrodsburg, Tenn., has arrived to visit Mrs. J. H. Fowler, 619 Kentucky avenue, until Saturday, when she will be the guest of Mrs. Edmund P. Noble.

The steamer Dick Fowler will leave the wharfboat promptly at 7 o'clock Wednesday evening and the members of the six federated clubs and delegates to the federation, who will enjoy the river trip, will be at the wharfboat slightly before that hour. The boat will return at 8 o'clock in time to give the guests an opportunity to dress for the Matinee Musical club's recital at the Kentucky Avenue Presbyterian church. Mrs. Mildred Davis and Mrs. Edmund Post are the hostesses on the river trip.

### Wednesday's Program.

The program for Wednesday's business sessions follows:

### Wednesday Morning.

Meeting of executive board at Palmer House, 9 a. m.  
 Meeting of board of directors at Palmer House, 9:15 a. m.  
 Federation meeting at Woman's clubhouse, 10:30 a. m.

Music—Quartet: Madams Lewis Hart, Gray and Miss Coleman.  
 Invocation: The Rev. J. R. Henry.  
 Address of welcome—Miss Anna Webb.

Response—Miss Lucella Royce.  
 President's address—Mrs. Letcher Riker.  
 First report of credential committee—Miss Elizabeth Shinnott.  
 Reading of minutes—Miss Lillian Lindsey.

Report of corresponding secretary—Miss Haldon Hardin.  
 Report of general federation secretary—Mrs. Charles P. Weaver.  
 Report of treasurer—Mrs. H. C. Muir.

Report of special committee on educational funds—Mrs. Thurston Ballard.  
 Consideration of amendment to constitution.

Appointment of special committees.  
 Business considerations.  
 Adjournment.

Luncheon at Woman's club house, given by Delphie, Magazine and Kai Josephine clubs.

### Wednesday, 2 p. m.

Reading of minutes—Miss Lillian Lindsey.  
 Report of auditor—Mrs. Luther C. Willis.

Two-minute

*Help one of your friends to win one of those grand prizes in The Sun's \$2,000 contest. The first is worth \$700, the second \$400, the third \$300. See particulars on page 8.*

## NEWS OF COURTS

**In Circuit Court.**  
A suit for divorce was filed in circuit court by Dan Hall against Mary Hall. The couple were married February 15, 1901, and lived together until May 23, 1908, when they separated.

The American-German National bank was given a judgment for \$324.04 against W. C. Stanford and J. S. Peal and property mortgaged to secure the debt ordered sold.

A large number of answers and motions to complete the record in civil suits were entered today and prospects are that the next term of court will be a busy one, as many cases will be ready for trial.

**No Police Court.**  
For the first time in a month there was no police court. But two arrests have been made this month, and in each case the defendant was wanted out of the city. There are several cases pending in the court that are set for trial this week. The docket has struck the police, and no matter how diligently they work they can find nothing.

## HOTEL ARRIVALS

Palmer—R. L. Thornton, St. Louis; W. W. McLean, New York; R. W. Kellogg, Louisville; H. R. Smith, Paducah; J. C. Galloway, Memphis; Ed Rank, Lincoln, Neb.; L. R. Gilbert, St. Louis.

Belvedere—W. P. Edwin, Little Rock; J. A. Anderson, St. Louis; C. K. Barnett, Mayfield; C. C. Whitlock, Richmond, Va.; E. L. Elam, Nashville; E. H. Hays, Brookport; J. S. Smiley, Van Wert, O.

New Richmond—Arthur Arrington, Moscow; W. G. Fash, Gurnea; P. J. Hill, Bowling Green; D. Mitchell, Chattanooga, Ill.; Ed Miller, Metropolis; R. S. Streeter, St. Louis; S. L. Dale, Kevil.

**Official Forecasts.**  
The Ohio from Evansville to Paducah will continue falling for several days. At Cairo slight change with a falling tendency during the next 24 to 36 hours.

The Tennessee from Florence to the mouth will continue falling during the next 36 hours.

The Mississippi from Chester to slightly above Cairo will continue rising during the next 36 hours reaching slightly over 28 ft at Cape Girardeau.

The Wabash at Mt. Carmel will continue falling.

**The Largest Steer.**  
What a perhaps the largest steer ever slaughtered by Paducah butchers was killed yesterday afternoon by Seitz & Schmidt, butchers on the market. The steer was brought from Graves county near Mayfield, and weighed 1,770 pounds before killed.

After being dressed and made ready for the market the steer weighed 951 pounds. The hide alone weighed 107 pounds. About 450 pounds will be the average net weight of a butchered steer, and it is rarely that the Paducah butchers get cattle weighing over 800 pounds. The steer was three years old and was a pet. It had every attention and walked into the slaughter house.

**Card of Thanks.**  
The Ladies Home Mission society of the Trimble Street Methodist church wish to express their appreciation to the public for the liberal patronage at their dinner. The society feels greatly indebted to Mr. Louis Hensinger for the use of his store which he loaned to us in his most generous manner. Rhodes-Barford company kindly helped us out by providing chairs and tables which we greatly appreciated.

**Graduates From Michigan.**  
Invitations have been received in the city by friends announcing the graduation of Miss Grover Burns, of this city, from the law department of the University of Michigan, the week beginning June 14. Mr. Burns has attended the university the past three years, and finishes the course with a good record. Before entering Mr. Burns took special special work at the High School. Mr. Burns is a nephew of Mr. and Mrs. E. H. Harbison, of North Third street, and has resided with them. He will return here to spend the summer, but has not decided where he will locate.

**Cantata Wednesday Night.**  
Pleasing news to the state federation will be found in the announcement that the sacred cantata, "Victory Divine," will be the feature of the musical Wednesday evening at the Kentucky Avenue Presbyterian church. Arrangements could not be made to retain the Verdi quartet and this delightful cantata, which made so favorable an impression on an audience at the Woman's club last month, will be repeated for the benefit of the federation delegates and local club members. The same singers will give the cantata: Misses Anne Bradshaw and Julia Scott and Mrs. Lela Wade Lewis, sopranos; Mesdames W. C. Gray and George B. Hart, altos; Mr. Slavin Mall, tenor; Messrs. Robert Scott and Ed Emmett Bagley, basses. Miss Virginia Newell announces a rehearsal in her studio, Sixth and Monroe streets, this evening at 7 o'clock.

**Committee Meeting.**  
Miss Elizabeth Sinnott, chairman of the Credential and Badge committee, requests a meeting of the committee.

**Hinks-Blanks Wedding.**  
The marriage of Mr. Henry Hinks and Miss Mary Hinkle, both of Hinksville, Ky., was solemnized yesterday afternoon at 4 o'clock in the parlor of the Planters' Hotel, Judge Alfred Comings officiating. Cairo Bulletin.

**Miss Cullum's Success.**  
Miss Nannie Cullum, of Bowling Green, is the guest of Miss Nannie Green, librarian of the Carnegie public library. Miss Cullum was a teacher in the Paducah schools during the 1905-6 season, and taught both at the Washington and Franklin buildings. Miss Cullum is at present of the Greensburg High school, and has been re-elected next year. Under the principalship of Miss Cullum the school has had its most successful year. In addition to her duties as principal Miss Cullum occupies the chair of mathematics. The Greensburg Record says: "Greensburg has just closed one of the most successful and satisfactory school sessions that has been taught here for 20 years. The corps of teachers was selected with great care, and such teachers are not easily obtained in this day of educational progress. No time should be lost in securing their services for the fall term, as we are informed that some of them have had propositions from other places. We feel safe in saying that if it should be left to a vote of the patrons of the school that nine votes out of every ten would be cast for the present faculty."

**Violin Quartet.**  
Encores were frequent for the Verdi quartet of Chicago at the Eagles' building last night, before an appreciative audience of music lovers. The quartet sustained its reputation for quality and will remain over to give a special Wednesday evening for the state federation meeting, at the Kentucky Avenue Presbyterian church.

Mrs. White, Miss Almedinger, Mr. White and Mr. Tins, with Miss Parker accompanist, were heard in the following favorites, as well as other numbers: "Quartet from Rigodon," "Tune" and "Rosary," solos by Miss Almedinger, "Misereere," from H. Trovatore, tenor and soprano duet by Mr. and Mrs. White, "Vivien Fendone," bass solo by Mr. Tins; a trio from Faust by Mrs. White, Mr. White and Mr. Tins; the sextette from Lucia, "Drink to Me With Thine Eyes," "Old English," and "Love Me and the World is Mine," by Mr. White; duet from La Folia del Destino, by Mr. and Mrs. White; "I Know a Lovely Garden," and "The Moon's Secret," by Mrs. White, and "Good Night," from Martha, by the quartet.

**Class Picnic.**  
Miss Anna Larkin, of the A fourth grade of the Washington building, chaperoned a picnic of her pupils to Wallace park last evening.

**Ice Cream Social.**  
The Junior Epworth League of the Trimble Street Methodist church will entertain the church members and visitors with an ice cream social at the church tonight.

**Large Blem Club.**  
The Large Blem club will meet this evening with Miss Anna Harlan at her home, 818 South Fourth street.

**Wedding Invitations.**  
Invitations have been received in this city to the wedding of Miss Edna Farley, daughter of Captain Edward Farley, state treasurer of Kentucky, and Mr. James Clement Langdon, of Rieck Island, Ill., which will be solemnized on Tuesday afternoon June 9, at 2 o'clock at the St. Francis de Sales church in Paducah.

Miss Farley has visited here frequently as the guest of Miss Marie Glanher, of Twenty-second street. Cairo Bulletin.

**Hinks-Blanks Wedding.**  
The marriage of Mr. Henry Hinks and Miss Mary Hinkle, both of Hinksville, Ky., was solemnized yesterday afternoon at 4 o'clock in the parlor of the Planters' Hotel, Judge Alfred Comings officiating. Cairo Bulletin.

**Graduates From Michigan.**  
Invitations have been received in the city by friends announcing the graduation of Miss Grover Burns, of this city, from the law department of the University of Michigan, the week beginning June 14. ## Put This Stove in Your Kitchen

It is wonderfully convenient to do kitchen work on a stove that's ready at the instant wanted, and out of the way the moment you're done. Such a stove is the New Perfection Wick Blue Flame Oil Cook-Stove. By using it you avoid the continuous overpowering heat of a coal fire and cook with comfort, even in dog-days. The

## NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is so constructed that it cannot add perceptibly to the heat of a room; the flame being directed up a retaining chimney to the stove top where it is needed for cooking. You can see that a stove sending out heat in but one direction would be preferable on a hot day to a stove radiating heat in all directions. The "New Perfection" keeps a kitchen uniformly comfortable. Three sizes, fully warranted. If not with your dealer, write our nearest agency.

The **Rayo Lamp** is the ideal lamp for family use—safe, convenient, economical and a great light giver. If not with your dealer, write our nearest agency.

STANDARD OIL COMPANY (Incorporated)

Grubb—I hear your last novel has already appeared in its sixth edition. How did you manage to become so phenomenally popular?

Scrubs—Very simple, I put a "personal" in the papers saying I was looking for a wife who is something like the heroine of my novel. Within two days the first edition was sold out.

It's not much use for an empty life to worry about its immortality.

Sooner or later the chronic clerk gets his feet in it.

It is a sure way to call a man a fool. Even if he agrees with you, he may think he is not such a fool as to read the information.

The total value of the telegraph and telephone line poles sold in this country during 1906 was \$9,171,171.

DeWitt's Little Early Risers, the famous liver pills, are sold by all druggists.

The world is usually willing to step aside for a man who knows where he is going.

## EGYPT HUSTLERS AT BELLEVILLE

Will be Entertained There Friday and Saturday.

History of Organization and Plans of City to Amuse Thousands of Visitors.

### SOUTHERN ILLINOIS MEMBERS

The St. Louis Globe-Democrat contains the following account of the coming Egyptian Hustlers' convention:

Twenty-five hundred traveling men and their 25,000 friends of St. Louis and southern Illinois will next Thursday morning take charge of Belleville, and for three days and nights it will be all their own during the high carnival and sixth annual convention of the Egyptian Hustlers, to be held in that city Thursday, Friday and Saturday.

The Egyptian Hustlers is an organization of the members of the Travelers' Protective association, formed in 1903 for the purpose of meeting three days annually and holding a festival in furtherance of the spirit of fraternity and good fellowship. During these festivals a number of novel contests are given for which costly and useful prizes are offered by the wholesale houses and manufacturers.

It was at Anna, Ill., on April 2, 1902, that the Egyptian Hustlers had its inception and birth at the hands of a handful of traveling men, seven in number, whose territory comprised that part of southern Illinois known as Egypt. The original seven were: L. O. Amos, Joseph Pompey, H. Henger, Albert C. Goetz, H. C. Alexander, George W. Dekker and Tony Doherty, all of whom represented business houses of St. Louis. The present officers are: Joseph Pompey, president; J. M. Mitchell, vice-president; Albert C. Goetz, secretary; and J. E. Carroll, treasurer. These officers are in full charge of the sixth annual meeting at Belleville, and are being ably assisted by sixteen committees of the organization and the Belleville citizen's committee.

### Belleville's Victory.

Belleville inaugurated a substantial and powerful winning movement to land the Hustlers' meeting at the Olney convention in 1906, when Cairo came out victorious. A large delegation of Belleville Hustlers and other business men went to Olney with a band of fifty musicians and rowed there the seed which won for St. Clair county the 1908 convention in a most remarkable fight with Centralia. Both Belleville and Centralia sent special trains to Cairo carrying bands of music and 1200 business men in an effort to win the convention this year. The vote for the next convention city was a tie on the first ballot between Centralia and Belleville. On the second ballot Belleville won by a majority of seven votes.

Ever since the Cairo convention the Hustlers and the Belleville business men and civic organizations have been working incessantly, night and day, for the greatest meeting ever held by traveling men in the central west. The result is a magnificent program of carnival events, with over two car loads of valuable prizes attached, valued at \$10,000, and arrangements for the entertainment of fully 25,000 visitors. The prizes are the donations from wholesale houses and manufacturers of St. Louis, Chicago, Indianapolis, Cincinnati, Louisville, Terre Haute, Evansville, Ind., Belleville and numerous other cities. Belleville business men contributed \$10,000 in cash to the Hustlers' fund for the entertainment of the thousands who are expected to visit Belleville next Thursday, Friday and Saturday.

Special trains will be run from Centralia and Murphysboro to convey the hustlers from these cities, who will be in the fight for the next convention. Other cities which will be in the contest are East St. Louis, Harrisburg, Metropolis and Birmingham.

Next Thursday morning 200 Hustlers in white suits will parade from the Marquette hotel, at Eighteenth street and Washington avenue, to Padu bridge, headed by a band. Here they will take cars at 8 o'clock and go to East St. Louis, where they will be met by an East St. Louis delegation of the business men with a band of music and escorted to Belleville on special cars of the suburban. The delegation will be met on the public square at Belleville by a reception committee of 100 business men, and an address of welcome will be delivered by Mayor Kern from the front steps of the courthouse, the keys to the city being delivered at that time to President Pompey, who will respond to the mayor's welcome. The Hustlers will then be escorted to their headquarters at Liederkrantz hall, register and be assigned to their places of entertainment.

### Various Features of Session.

Thursday afternoon at 1:30 o'clock the white suit parade will take place, in which it is expected that 2,000 Hustlers will be in line. The parade will end at League park, where the ball game between the Hustlers' team and the Belleville Merchants' team will take place, the principal prize being a solid silver loving cup. Thursday night there will be band concerts on the public square, pyrotechnics at the fair grounds, and a grand ball at Liederkrantz hall.

## DRESS-MAKERS

The nervous strain through which dressmakers have to pass at certain seasons of the year seems almost beyond endurance, and frequently brings on nervous prostration, fainting spells, dizziness, sleeplessness and a general breaking down of the feminine system, until life seems altogether miserable.

For all overworked women there is one tried and true remedy.

## LYDIA E. PINKHAM'S VEGETABLE COMPOUND

restores the feminine system to a strong, healthy, normal condition. Mrs. Ella Griffin, of Park St., Canton, N.Y., writes to Mrs. Pinkham: "I was troubled for three years with female weakness, backache, pains in my side, and headaches. I was most miserable and discouraged, for doctors gave me no relief. Lydia E. Pinkham's Vegetable Compound brought back my health and made me feel better than ever before."

### FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

technics at the fair grounds, and a grand ball at Liederkrantz hall.

On Friday morning there will be a parade at 6 o'clock, followed by continuous concerts by massed bands on the public square and parades by the Hustlers to the fair grounds, where will open the two days' shooting tournament. At 1:30 o'clock in the afternoon there will be the day events at the fair grounds, and at 3:30 o'clock the flower parade, in which over 100 prettily decorated vehicles will take part. Friday evening at 7:30 o'clock will be held the King Pompey parade, the most gorgeous feature of the carnival. Following this at 8:30 o'clock the grand concert will begin at the Lyric theater. There will be over 250 voices and fifty musical instruments from the Kronthal, Liederkrantz, Liederkrantz, Choral-Symphony, West Belleville Harmony and Philharmonic societies. At 9 o'clock the fancy costumes ball will begin with the grand march at Liederkrantz hall.

The annual election of officers and a selection of the next convention city will be held at the business meeting at the Lyric theater, Saturday at 8:30 a. m., and at 9:30 o'clock there will be a ladies' reception at Elks' hall. Meanwhile, there will be continuous concerts on the public square by the massed bands. The flower parade will be repeated at 3 o'clock Saturday afternoon, the white suit delegation accompanying it. This will be followed by a ball game at League park between the champion Centralia White Sox and the Belleville Trovay league team for the championship of southern Illinois. These two teams will also play at League park Friday afternoon. The Hustlers' Marathon will close Saturday afternoon's program.

Saturday night there will be a grand concert by all of the combined visiting bands and the Belleville bands on the public square and a general carnival and battle of serpents and confetti.

## TOBACCO NEWS

Louisville, June 2.—The local leaf tobacco market continues dull and featureless. Only 122 hogsheds were put on the auction block this week. Italian Regie holdings were sampled to the extent of 925 hogsheds, and Society of Equity holdings of old burley to the extent of 909 hogsheds, and these made the private sales fairly large. The sampling of the Equity tobacco indicates that considerable business is being done in pooled tobacco. It is estimated that of the intended crops 50 per cent. of the burley and 85 per cent. of the dark, including air cured and Green River, have been set. All sections report the weather as very favorable for the crop and for planting.

New dark was offered to the extent of 196 hogsheds. Both air-cured and fired tobaccos averaged poor in quality and were in unsatisfactory condition. Fired or export grades of leaf tobacco in good condition sold readily at steady quotations, but the same grades in soft order ruled from 1/4c to

1/2c lower. Rehandling grades were somewhat neglected and values were off a bid or two. Manufacturing grades were in scant supply, but were readily absorbed at steady prices.

According to the monthly report of the Louisville Leaf Tobacco Exchange, auction sales during May amounted to 2,065 hogsheds and private sales to 6,048, making the total 8,053, compared with 8,560 in May last year, 11,062 in 1906 and 9,586 in 1905. From January 1 to date sales totaled 72,932 hogsheds, against 67,892 last year and 86,514 in 1906. Of the May total 772 hogsheds were new burley, 2,452 old, 3,756 new dark and 1,073 old dark. Of the 1907 crop there have been sold in the local market 65,141 hogsheds, against 62,751 of the 1906 crop to this date last year and 53,313 of the 1905 crop to this date in 1906. Rejections for May were 22 per cent. of auction sales, against 14 last year and the year before.

Local stocks shrink 2,471 hogsheds during the month, receipts being 1,032 hogsheds and deliveries 6,506. In the same month last year receipts were 6,937 and deliveries 8,182. From January 1 to date receipts were 58,821 and deliveries 61,647. Stocks in the local market amount to 25,265 hogsheds, against 16,250 at the close of May last year, 12,115 in 1906 and 19,248 in 1905. (Unsold stocks total 18,123 hogsheds, against 9,088 last year and 1,395 in 1906. Of present unsold stocks 10,327 hogsheds are Society of Equity burley, 1,671 fine burley, 3,892 Green River and 2,083 dark.)

### Official Quotations.

### Hopkinsville Sales.

Hopkinsville, Ky., June 2.—Good sales with firm prices marked the local tobacco market the past week. The demand was heavier than the previous week, resulting in increased sales, though not so much as have been sold at other times during the season. Considerably over 200 hogsheds were disposed of.

The Planters' Protective association sold 132 hogsheds at prices in full accord with the schedule adopted by the organization. As the season advances the buyers spend more time at the salesroom and keep in closer touch with what is on hand in anticipation of any orders which they may receive. Receipts amounted to 191 hogsheds for the week, or 6,093 for the season. The bulk of the tobacco has been delivered and receipts from now on will grow lighter rapidly. The sales last week make the total for the season about 2,000, or one-third of the receipts.

With the Society of Equity business was good at prices ranging from \$7 to \$10 for lugs and \$10 to \$11 for leaf, the actual number of hogsheds sold not being reported.

Reports from the Planters' Protective association show that tobacco all over the district is moving steadily, with frequent big sales. Prices are uniform in accordance with the schedule and are satisfactory to every member.

### Smith & Scott Buy.

The Smith & Scott Tobacco company purchased 20 hogsheds of leaf tobacco at the association salesroom yesterday paying from 10 1/2 to 12 cents for the tobacco. The warehousemen sample the tobacco sold daily and a continual stream of checks is being sent out from Paducah to the farmers whose tobacco is sold on the local market.

### ROGERS' LIVERWORT

For the complete cure of Coughs, Colds, Asthma and Bronchitis and all Lung complaints tending to Consumption, Liverwort, Tar and Wild Cherry, have for ages maintained an established reputation as a standard Cough Remedy. It contains no opium or harmful drug; can be given with safety to children. Price \$1.00. Sold by druggists, Williams' Mfg. Co., Props., Cleveland, O.

The Grand hall of the recent Bordeaux exposition will be re-created for the Marshall's exposition.

Couldn't pay any attention whatever to a flag of trace.

DeWitt's Kidney and Bladder Pills are prompt and thorough and will in a very short time strengthen the weakened kidneys. Sold by all druggists.

It is so much easier to forget a favor than it is to forgive an injury.

HACK LAW VETO IS  
MADE OF NO AVAIL

Because Councilmen Say it Can be Amended.

Also Order an Ordinance Permitting Saloon Keepers to Transfer Their Licenses.

## STANDARD OIL CO.'S MENACE

Mayor James P. Smith's veto to the city hack ordinance availed nothing at the council meeting last night. The ordinance was given its final passage over his veto by a vote of 10 to 2, those voting "yes" were Councilmen Lindsey, Hovers, Cornelson, Foreman, Ford, Krentzer, Lackey, Van Meter, Wilson and Young; those voting "no" were Duvall and Mayor.

City Solicitor James Campbell emphasized and explained the mayor's reasons for vetoing the ordinance. It now stands. The mayor's objections were that the price of \$1 for funeral cabs whether they were to go one square or one mile could be regulated by an amendment to the original ordinance. Another objection was that a cab driver if he was hailed on the street and asked to take some person home or any place he wished to go, the cabman could say he had to report at headquarters, as were his previous instructions, and in that way could avoid hauling the person. He also objected to the clause stating that no trunk could be hauled on the cab. That is unfair to the man that has only his cab and no transfer wagon, since nearly every one who gets off the train has luggage, and it would give the transfer companies a practical monopoly of the business to the exclusion of the single cab.

The city collector explained these points in detail. Councilman Hovers said the ordinance may be amended at any time the general council deems it necessary. President Lindsey also said if the ordinance was not satisfactory it may be amended. H. L. Palmer of the Palmer Transfer company attempted to answer all of the mayor's objections to the ordinance. In reply to the charging of \$1 for cabs for funeral purposes, Mr. Palmer stated that the cabs used at the present time are worth three times as much as the cabs used when the ordinance was in force during the sum of \$2.50 per cab for funerals, and that horse feed and labor are much higher in price.

In answer to the hailing of cabs as they were going along the street, Mr. Palmer stated that it was a system that had to be used in order that the cab owners could get satisfaction and could give satisfaction to the public. For the headquarters must know at all times where the cabs are. In regard to carrying trunks on the cabs Mr. Palmer said it is dangerous to those traveling in the cabs and that other parties have licenses to haul trunks. It would be interfering with their business to take trunks on the cab.

Oil Plant Dangerous.

Tooust the Standard Oil company from the residence section of the city was discussed. Communications from Fire Chief James Wood, fire and police commissioners and from 25 residents of the vicinity of Tenth and Monroe streets, where the Standard Oil plant is located, were presented to the council. Attorney Campbell Flannery spoke in behalf of the Standard Oil company and he asked that the council give this matter due consideration and not act hastily or on the impulse of the moment, as it would mean a great expense to the company to have to move its tanks and stock to some remote part of the city and put up a new building. Mr. Flannery stated that there is no possible chance for the tanks to explode or catch on fire, as they are a safe distance from all buildings in their present location and that the building, a frame shed, that burned last week would be rebuilt of fireproof material. The matter was referred to the city collector and the ordinance committee.

Fire Chief Wood reported that the building, 123 Broadway, owned by W. D. Bailey, of Louisville, is unsafe and should either be repaired or torn down. The mayor was authorized to notify the owner or agent of the building of the request of the fire chief.

The report of Fire Chief Wood for the month of May was received and filed.

The report of Chief of Police James Callahan was received and filed for the month of May, showing collection of \$179.30, replevied \$112, on hand \$65.

The city treasurer and auditor's report, showing \$6,902.28 in the treasury, was received and filed.

Accounts of the city were allowed for the amount of \$18,856.17.

The ordinance prohibiting the use of wells and cisterns for drinking purposes, was killed. It required

that all wells and cisterns should be filled up and not any water from them used for drinking purposes, as it was a medium for disease. The ordinance was given the first passage and was lost on the second vote, as it required two-thirds to carry. The vote was 7 yeas and 5 nays.

Sidewalks.

New sidewalk ordinances were numerous. Paducah will be much improved if all the ordinances carry through both boards. An ordinance for the construction of granite sidewalks with combined curb and gutter on both sides of Fourth street between the bridge at Island creek and Broad street and on both sides of Meyers street between Farley Place and Island creek. This ordinance was given first and second passage.

For granite sidewalks with combined curb and gutter on both sides of Fifteenth street between Clay and Trimble streets was given first and second passage.

On the east side of First street between Broadway and Washington street an ordinance for a sidewalk 12 feet wide was given first and second passage to be constructed of brick. An ordinance for the grading and traveling of Farley street between Meyers and Clements streets was given first and second passage. The city engineer was authorized to use the dirt from Farley Place to be used in constructing the sidewalks on both sides of Farley Place.

W. A. Wells was granted a saloon license at 105 South Second street, where a saloon had been running. The motion of Alderman Oehlenschlaeger was concurred in, asking that the ordinance committee bring in an ordinance granting a lawful transfer of saloon license.

The D. A. R. presented a letter to the council stating that they were prepared to put in the public drinking fountain at Fifth street and Broadway at a cost of \$1,500 to the D. A. R., and that it was to be made of Georgia marble or granite, standing 15 feet high. The council agreed to the request. Mr. E. H. Boone thanked the council in behalf of the D. A. R. for the grant.

The question of bringing condemnation proceedings against the property not dedicated for a street from Broad street to the Mayfield road was referred to the street committee for investigation.

A remonstrance was read from the property owners abutting the alley between Second and Third streets, stating that the alley had been paved with stone and that the stone would do for the repaving of the alley instead of using brick at the expense of the property owners on the alley. The remonstrance was received and filed.

The mayor was authorized to borrow \$1,000 to meet the expense of the city in anticipation of taxes to be collected.

Mr. T. J. Stahl asked that the city for cuts, sprains, bruises, rheumatism and other pains, use McLean's Violent Oil Lintment. First sold in 1852, still the same effective remedy in 1908. Good for man or beast. 25c, 50c and \$1.00.

pay him \$236 for a watchman that he had at his tobacco warehouse. The amount was not granted him.

New Ordinances Ordered.

The ordinance committee was authorized to bring in an ordinance, creating a city buyer, to prohibit the use of the fire stations for the use of voting and registering, for the grading and grading of Tennessee and Jones streets in Worton's addition between Sixteenth and Eighteenth streets, for the laying out of sprinkling districts and for the construction of sidewalks on Fifth street between Kentucky avenue and Tennessee street.

The report of the wharfmaster, Captain Frank Brown, was received and filed.

A deed from Mike Kettler for property in Mechanicsburg for the use of an alley was received.

Mr. W. D. Scott and H. Wells & Son reported that they had been assessed too much for taxation. The matter was referred to the board of supervisors.

Mr. W. M. Moore was refunded \$8 by the council. Mr. Moore had two infants buried in city lots in Oak Grove cemetery and the \$8 was money paid the city. He has now bought a lot and removed their bodies.

The question of laying water mains on Nineteenth street was referred to the Water company.

## MUSTER ROLL

MAKING AND HALE COMPANY  
FAILED TO APPEAR.

List of Petitioners for Local Military Company Will be Secured for Headquarters.

Because not enough men were present to muster in a company of the state militia, another list will be gotten up and another request made to the adjutant general to send a mustering officer. Captain A. G. Chapman received the names of 22 men last night, but 10 names form a company, and he returned to Hopkinsville early this morning. The original petition had 33 names; but a copy was not kept, and yesterday it was impossible to notify the men to come to the city hall last night and be mustered in.

A letter has been written to the adjutant general, asking for a copy of the original petition. The names will be secured again and another day set for the mustering in of the company. If Captain Chapman could have remained over until today it is certain that the remainder of the company could have been secured.

The local men who have taken the lead in the organization of the company are not discouraged, as they realize the failure came out of the applicants failing to learn that Captain Chapman would be in the city. Following Captain Chapman's advice the organizers of the company will have a man to look after a squad of men and notify them when the enlistment will be held. No election of officers could be held last night, as this must be done after the company has been mustered in.

PILES! PILES! PILES!

Williams' Indian Pile Ointment will cure Piles, Bleeding and Itching Piles. It absorbs the tumors, allays itching at once, acts as a poultice, gives instant relief. Williams' Indian Pile Ointment is prepared for Piles and itching of the private parts. Sold by druggists, mail 50c and \$1.00. Williams' Mfg. Co., Props., Cleveland, O.

A Qualification.

Congressman John Sharp Williams tells a "new" story. During the recent Mississippi gubernatorial campaign the Hon. Jeff Truitt was one of the unsuccessful aspirants for the majority suffrage of his fellow citizens. Prohibition doctrines figured in the struggle, and seemed important to a Methodist minister.

"Brother Truitt," said the minister, "I want to ask you a question. Do you ever take a drink of whisky?"

"Before I answer that," responded the wary Brother Truitt, "I want to know whether it is an inquiry or an invitation."

When you need something to take take it promptly for the stomach, but take something you know is reliable—something like Kodol. For Dyspepsia and Indigestion. Kodol is pleasant to take; it is reliable and is guaranteed to give relief. It is sold by all druggists.

Little Miss Mary Geneva Ballows has returned from Mayfield, where she had a part in an entertainment.

CATARRH A  
SERIOUS  
FAR-REACHING BLOOD DISORDER

Even in its early stages Catarrh is almost intolerable, caused by the stuffy feeling in the nose, the buzzing noises in the ears, the continual "hawking and spitting," difficult breathing, etc. But when the blood becomes thoroughly polluted from the catarrhal matter, the inflammation extends to the bronchial tubes, causing hoarseness, and often an aggravating cough; the stomach is affected, resulting in dyspepsia, loss of appetite and strength, and gradually all the mucous membranes of the body become diseased and the system upset and deranged. Frequently the kidneys and bladder are attacked, and the constant passage of impure blood through the lungs, diseases these important members, and Catarrh terminates in Consumption. Catarrh is a deep-seated blood disease, and must be treated constitutionally, for it is beyond the reach of local treatment. S. S. S. cures Catarrh by cleansing the blood of all the impure catarrhal matter and at the same time building up the entire system. It goes down and attacks the disease at its head, in the circulation, and removes every trace of the impurity that is causing the trouble. Then as rich, pure blood circulates through the body, the inflamed membranes commence to heal, the mucous discharges grow less and finally cease, and all the disagreeable and disgusting symptoms of Catarrh disappear. S. S. S. has no equal as a cure for this disease. It relieves and purifies the entire circulation and repairs the damage done by Catarrh. Special book on Catarrh and my medical advice free.

**S.S.S.**  
PURELY VEGETABLE

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Chicago's Great European Hotel  
**The Virginia**  
Absolutely Fireproof. Rates, \$1.50 and up

A high-class, Transient and Residential Hotel, in the most select part of the city—near the Loop, convenient to beautiful South Park system. Rooms are in a modern Italian style, beautiful stately and cathedral glass. 191 handily furnished outside rooms, single or en suite. Large bright dining hall, with finest cuisine. Every convenience that appeals to the most exacting patron. Ever Stirred Western Kentucky—  
Your Fate Depends on the Way in  
Which You Make Use of These  
Good Days.

## SPECIAL OFFER THIS WEEK

For subscriptions turned in be-  
tween Monday morning, June 1,  
and 9 p. m. Saturday, June 6.  
Forty-two dollar Howard 17  
jewel watch to candidate turn-  
ing in largest amount of cash on  
subscriptions.  
10,000 bonus votes to candi-  
date turning in largest amount  
on new subscriptions.  
5,000 bonus votes in each dis-  
trict for candidate turning in  
largest amount of cash.  
2,000 bonus votes for every  
\$25 any candidate turns in.  
After this week the size of the  
special prize will steadily de-  
cline to the end of the contest,  
so that during the last week  
there will be neither bonus nor  
special prize.

Standing at the Close of Balloting  
Monday at 6:00 p. m.

J. C. Reeves, Mayon Hill	500

The tales of woe commenced yester-  
day.  
"I heard that Miss — turned in  
five dollars more than I did Satur-  
day. Of course I am a dead game  
sport, but I can't stay against a  
handicap like that." Such were the  
words of one candidate who came  
into The Sun office with a face as  
long as her arm and a trouble story  
as long as Kentucky.

The contest man, gently, without  
laughing, attempted to explain that  
there were five weeks left in the con-  
test and that the troubled one would  
stand all the chance in the world if  
she staid in the game and got busy.  
"How long did you work Satur-  
day?" finally asked the contest man.  
"Oh, about an hour," admitted the  
fair candidate, and then she suddenly  
remembered something. "Oh, if I  
had gotten that two-year subscrip-  
tion Mr. X — promised me I would  
have been way ahead of Miss —  
wouldn't I? Then she would have  
been behind me. Oh, goodie, I'm  
going to stay in."

And on such little things as that  
hangs the fate of candidates. They're  
in and they're out, generally for rea-  
sons purely temperamental.  
This race will not go to the one  
who gets ahead for a day and then  
lets up on effort for another day. It  
goes to the ones who stay everlast-  
ingly at it.

### But the Wise Ones.

But the wise ones have forgotten  
about the bonus offer of last week  
and are going after the special prize  
and bonus offer of this week. That's  
the only thing to think about in a  
contest—the future. There are some  
folks who go moping about the world  
living in a past as dead as they are.  
Then there are other folks who are  
continually turning the brightest pos-  
sibilities of a rosy future into the en-  
joyable realities of a busy present.  
The latter kind make the "steady candi-  
dates" of a contest.

### Voting Habit.

Until June 6 no candidate will be  
allowed to cast more than 5,000 cer-  
tified votes in any one day.  
The Paducah Sun's Great Popu-  
larity Contest began with the official  
announcement on May 23 and will  
close on the great national holiday  
July 4. That makes exactly six weeks.  
There will be no extension of  
the time of the contest. When it's  
over it's over, and the happy, lucky  
ones will be lugging home deeds of  
real estate, orders for fine furniture  
and jewels and a bunch of other  
blings.

**Who Are Eligible?**  
Any white person, man or woman,  
of good character, residing in the ter-  
ritory covered by The Sun may be-  
come a candidate for the honors and  
the prizes in The Paducah Sun's  
Greatest Popularity Contest.

**Duration—Awards.**  
The contest starts with today's an-  
nouncement and will continue until  
July 4, at 9 p. m., at which time a  
committee of well-known and trust-  
worthy citizens will be chosen to de-  
termine who are entitled to the  
prizes.

**More Than \$2,000 in Prizes.**  
Following is a description of the  
magnificent list of prizes offered for  
the winners in this contest together  
with the arrangement governing  
their distribution.

The candidate securing the highest  
number of votes, regardless of dis-  
trict, will be given The First Grand  
Prize, a \$700 double building lot in  
Gregory Heights, Paducah's prettiest  
suburb.

The candidate securing the second  
highest number of votes, regardless  
of district, will be given The Second  
Grand Prize, a \$400.00 two-carat,  
blue-white diamond, on display at  
Jo Wolff's jewelry store, 327 Broad-  
way.

After the judges of the finish of  
the contest have awarded the Grand  
Prizes, the names of the two winners  
will be stricken from the list of con-  
testants and the nine district prizes  
will be awarded as follows:

The three persons who lead their  
respective districts will be awarded  
a \$300 piano, on display at W. T.  
Miller & Bros., 520 Broadway, a \$150  
suit of furniture, displayed at Gar-  
ner Bros., 207-213 South Third, a  
\$100 buggy and harness, displayed  
at Powell-Rogers, 129-131 North  
Third. The above three prizes will  
be given to the three district leaders  
in the order of the number of votes  
credited to them.

The three persons who receive the  
second highest number of votes in  
their respective districts will be  
awarded the following prizes in their  
order of rank—a \$65 watch on dis-  
play at Pollock's, 333 Broadway, a  
\$50 lady's or man's watch at Nagel  
and Meyer's, corner Third and  
Broadway, a \$50 Miller range, dis-  
played at Hank Bros., 212 Broad-  
way.

**For Payment by Old Subscribers.**  
Time By Carrier By Mail Votes  
1 year \$1.50 \$3.00 2,250  
6 months 3.00 2.00 1,200  
3 months 1.50 1.00 500  
2 years 9.00 6.00 6,000

**For Advance Payment by New Sub-  
scribers.**  
Time By Carrier By Mail Votes  
1 year \$1.50 \$3.00 4,500  
6 months 3.00 2.00 2,100  
3 months 1.50 1.00 1,000  
2 years 9.00 6.00 12,000

Subscription payments of less than  
\$1.00 by mail and \$1.50 by carrier,  
will not be accepted as counting for  
votes.

No employee of The Sun or member  
of an employee's family will be al-  
lowed to enter this contest.

The Sun is the final arbiter in all  
questions that may arise in connec-  
tion with the contest. Candidates by  
entering agree to these published con-  
ditions.

The right is reserved to alter these  
rules should necessity demand.

### Districts.

The territory covered by The Sun  
has been divided for the purposes of  
this contest into three districts, as  
follows:

District 1 comprises all of the city  
of Paducah north of Broadway, in-  
cluding the north side of Broadway.  
District 2 comprises all of the city  
of Paducah south of Broadway, in-  
cluding the south side of Broadway.  
District 3 comprises all of the ter-  
ritory served by The Sun outside the  
limits of the city of Paducah.

The three persons receiving the  
third highest number of votes in  
their respective districts will be  
awarded the following prizes, a  
\$27.50 refrigerator, displayed at  
Henneberger's, 122 Broadway, a \$25  
chair or other furniture from Rhodes-  
Harford's, 112-116 North Fourth, a  
\$25 lady's or man's watch on display  
at J. L. Wanner's, 311 Broadway.

In addition the management of  
The Sun will spend \$100 in special  
prizes to be distributed to busy can-  
didates during the progress of the  
contest, making a grand total of  
more than \$2,000 in prizes, to be  
distributed gratis.

**Table of Values.**  
Besides the coupons which are  
printed daily in The Sun and which  
are good for the number of votes  
printed on them if voted before the  
time limit stated, contestants may ac-  
quire subscription votes according to  
the following schedule:

Contestants may secure subscrip-  
tions anywhere they wish. For in-  
stance a candidate in District 3 is  
entitled to turn in subscriptions from  
District 2 or District 1, and vice  
versa.

New subscribers are those who were  
not taking The Sun May 23, the date  
of the start of the contest. Trans-  
fers from one member of a family to  
another or to someone else living in  
the same house will not be counted as  
new subscriptions.

Address all communications to  
The Sun, Contest Department.

## "LEST WE FORGET."

## CAR BUILDERS

HAVE PLENTY OF WORK AND  
TEN MEN ARE ADDED.

New Secretary for Illinois Central Hos-  
pital Elected to Succeed Dr.  
Earle, Who Resigned.

Work is steadily increasing in the  
car repairing department at the rail-  
road shops caused by the great in-  
crease in freight traffic handled by the  
road. Ten men were added to the  
force yesterday and more will be ad-  
ded from time to time as they are  
needed. It is expected that the num-  
ber of men employed will be up to the  
average before the fall season begins.  
Master Car Builder Baughman has re-  
turned from Hot Springs much im-  
proved in health and has assumed  
charge of the work again.

It has been decided to wait until  
the summer months before install-  
ing the additional furnace and bath ap-  
paratus at the railroad hospital, as it  
was considered unwise to tear up the  
plumbing until the weather became  
more settled. The new elevator will  
not be installed for several weeks.

### New Secretary.

Dr. J. Q. Taylor has been elected  
secretary of the hospital board to suc-  
ceed Dr. E. R. Earle, who resigned as  
interne to take up regular practice in  
the city.

### Interested in Contest.

The employees of the car repairing  
department are very much interest-  
ed in the race of Fred McCreary in The  
Sun's popularity contest and are reluc-  
tantly to his support, and he will be  
much in the game before the polls  
close.

## HOUSEBREAKING

CHARGE PREFERRED AGAINST  
BILL BINGHAM, COLORED.

Detective Will Baker Arrests Him  
for Huntington, Tenn.,  
Officers.

Detective Will Baker arrested Bill  
Bingham, colored, this morning on a  
charge of housebreaking. He is  
wanted by the police at Huntington,  
Tenn., and they will send for him  
Bingham has been working in the Bul-  
ber Grip hand factory, and after re-  
ceiving the tip that Bingham was in  
the city, Detective Baker began work  
quietly on the case. A decoy postal  
card did the work, and Bingham was  
not frightened when the detective ap-  
proached him in the guise of a cen-  
sus enumerator.

### Spring Guns and Murder.

A King county court convicted a  
man who set a spring gun in his  
trunk, which killed the landlady, of  
murder in the second degree. Malice  
was not proved, and the supreme  
court has just reversed the lower  
court and directed a new and fair  
trial. The case presents a curious ques-  
tion of law. It seems that the curi-  
osity of the woman was the cause of  
her death. It is a warning to all to  
keep out of other people's trunks.  
Such a man who sets a trap gun in his  
trunk should not go acquitted in such  
a case. Suppose the owner of the  
trunk left the city or died and it be-  
came lawful to open his trunk. It is  
a most dangerous method of protect-  
ing property.—Baltimore News.

### His Preference.

When the largest firm of wine-  
merchants in London first started  
they sent Lord Derby a dozen of sher-  
ry, which they represented as being  
a special for gont, to which the  
Prime Minister was a martyr. The  
Lord of Knowsley replied: "The  
Earl of Derby presents his compli-  
ments to Messrs G.; he has tasted  
the sherry and prefers the gont."

# MORE THAN \$2,000 In Good-as-Cash Prizes

### A \$700 Lot

In beautiful Gregory  
Heights.

### A \$400 Diamond Ring

Displayed at Wolff's.

### A \$300 Piano

Displayed at W. T. Miller's

### A \$150 in Furniture

At Garner Bros.

### A \$100 Buggy and Harness

At Powell-Rogers.

Will be given away abso-  
lutely free to the most  
popular men and women  
in Paducah and vicinity.

These are but a few of the prizes.  
Read the full particulars on  
another page of The Sun.

### A SUITABLE SPOT.

"I think we'll rest a few minutes, if  
you don't mind. I'm quite out of  
breath, and this is a very comfortable  
place."

### Omar Revised.

A book of "Auto Rules" underneath  
the Hough.  
A Smiled Machine, a Hatted Tire,  
and Then beside me lying in a  
Ditch—  
Mr. Shushy Ditch were Paradise  
enough.  
—Walter Pulitzer in June Lippin  
cott's

### UNITED STATES OF AMERICA.

### Western District of Kentucky, at Paducah.

Whereas, an information has been  
filed in the District Court of the United  
States for the Western District of  
Kentucky, at Paducah, on the 22nd  
day of May, 1908, by George Du-  
rrell, Esq., attorney for the United  
States, against ten barrels, seventy-  
five half barrels and fifty kegs of opium  
alleging to be substance that said articles  
were forfeited to the United States, as  
being misbranded within the meaning  
of the Food and Drugs act of congress  
of the United States approved June  
30th, 1906, and praying process  
against the same, and that same may  
be condemned as forfeited as afore-  
said, same having been seized by the  
Marshal under due process of law.

Now, therefore, in pursuance to  
the motion under seal of said court to  
me directed and delivered I do here-  
by give public notice to all persons  
claiming said articles or in any man-  
ner interested therein, that they may  
be and appear before the said court  
to be held in the city of Paducah in  
and for said District, on the 16th day  
of November, 1908, then and there  
to interpose their claims, and to make  
their allegations in that behalf.

GEORGE W. LONG, U. S. M.  
By Elwood Neal, Deputy.

## PLENTY OF ROOM

SEATING CAPACITY OF ARMOY  
AT LOUISVILLE 18,000.

Thousands From All Over North-  
America Will Attend Sunday  
School Convention.

The Armory building at Louisville,  
in which the International Sunday  
School convention will be held, has a  
seating capacity of 18,000. The rail-  
road fare for the round trip will be  
\$3.35 of which any one may take  
advantage. For hotel and boarding  
house rates apply to Mr. E. A. Fox,  
Louisville Trust building, Louisville,  
Ky., or W. E. Bourquin, 423 South  
Fifth street, Paducah. More than  
10,000 visitors and delegates from  
North America are expected at Louis-  
ville. Many will go from here.

### Saving Gas Bills.

"The Good Thing was discovered in  
the back yard kicking himself."  
"Why this strenuously?" asked one  
of his neighbors.

"Last week I sent a dollar in an-  
swer to an advertisement offering a  
method of saving gas bills," an-  
swered the B. T. "and I just received  
the information."

"Well," queried the neighbor.  
"It was in the form of a printed  
sheet directing me to paste them in a  
certain place," replied the victim as he  
bowed himself for another kick.  
—Chicago Daily News.

As each one wishes his children to  
be, so the parent should be.

The Evening Sun—10c a Week.

# WANTED!

Young Men and Women for positions of trust,  
where intelligent service will be appreciated and  
paid for—

ing Machines, Books, Engravings, Post-Cards,  
Stamp Collections, Rugs, Carpets, Furniture of  
every kind—

Horses and Carriages, trucks, business wagons,  
bicycles, guns, cameras, fishing tackle, motor-  
bikes—

Real Estate—lots, plots, acres, leaseholds, equi-  
ties, houses, flats, apartments, stores—

Instruction in painting, singing, the violin and  
piano, short-hand, accounting, correspondence,  
language, dancing—

Places to Live—houses, apartments, furnished  
rooms, boarding places where life is interesting.

These are some of the thousands  
of people and things that are  
"wanted" in this city just now,  
and if you can fill any of these  
"wants"
